Engage
MULTI-PLATFORM PATRON APPS

Engage is Communico's multi-platform patron app, custom built and designed collaboratively with you, letting patrons take your library with them wherever they go.

Patron features

✓ **Explore your catalog**
Connect to your ILS through APIs, SIP2 and Z39.50, allowing patrons to search the library catalog and check availability and reserve materials in real time.

✓ **Mobile First, Reader First**
Eliminate silos by allowing patrons to place holds on, check out, renew and consume digital content — all within the library's app.

✓ **Events and room booking**
Communico's event management and room booking modules, Attend and Reserve, are both seamlessly integrated within Engage, so patrons can easily discover and register for events, and book meeting rooms and assets.

✓ **Branch information**
All of your branch information, including locations and opening hours, is pulled centrally from Communico's data repositories, so these dynamically update in real time as any changes are made.

✓ **List integration**
Patrons can link their Goodreads accounts to the Engage app, allowing them to share lists across the platforms.

✓ **Store library card to check out books**
Store library card details to have a scannable e-library card available at all times.

🎨 **Branding included**

There is no additional cost for branding the app with your library's identity. Colors, logos and button styles can all be set in a custom theme.
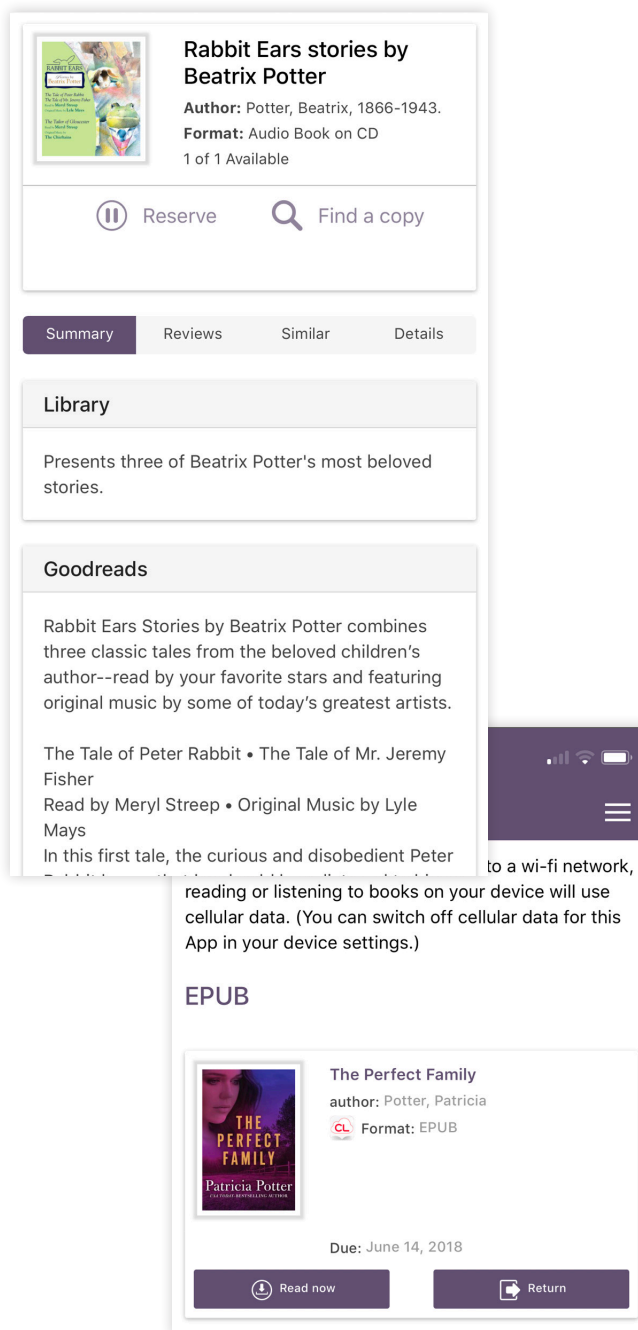

Staff features

Multi-platform app

Engage is multi-platform so just a single version of the app is required for Apple iOS and Android devices.

✓ **Just one version of the app content to manage**

✓ **Library branded app gives a consistent experience for patrons between web and app**

✓ **Automatic updates of any content created and managed within Communico Control Panel**

✓ **Recommended reads and custom ILS record sets can be created and displayed in the app, for one-click access to the catalog**

✓ **Any pages or contact forms created within the control panel can be embedded within the app**

✓ **Engage supports both Push notifications and multiple library cards, enabling easy management of family accounts**

Supported ILS

ILS Engage integrates with the library ILS, allowing patrons to access your library's catalog on the go.

✓ **Polaris**

✓ **III Sierra**

✓ **SirsiDynix - Horizon**

✓ **SirsiDynix - Symphony**

✓ **Others via SIP 2**

Library

Presents three of Beatrix Potter's most beloved stories.

Goodreads

Rabbit Ears Stories by Beatrix Potter combines three classic tales from the beloved children's author--read by your favorite stars and featuring original music by some of today's greatest artists.

The Tale of Peter Rabbit • The Tale of Mr. Jeremy Fisher
Read by Meryl Streep • Original Music by Lyle Mays
In this first tale, the curious and disobedient Peter
