

# How to Archive History

Kardex Power Pick System

## How To Archive History

1. In the Kardex Power Pick System open Tools > System Configuration
2. On the left hand side select 810107 “History parameters”

Drag a column header here to group by that column.		
Parameter#	Group	Scope
A	A	=
200126	Global Search Field Parameters	1
200190	Grid Parameters for Handling Unit Prep...	3
602001	Handlingunit order parameters	2
810107	Historyparameters	3
601601	I-Point Grid Parameter	1

3. In the middle section you will see this

Historyparameters	
01 Days to keep	-1
02 Column separator	,
03 Column quotation	'
04 Line comment indicator	//
05 Archive file type	CSV
06 Path	C:\Program Files (x86)\Kardex\Power Pick Global\loghistory
07 Record total stock	False

4. Here is a breakdown of the available settings for the history archive
  - a. 01 Days to keep: How many days of history will be kept in the Kardex Power Pick System database
    - i. -1: Do not archive
    - ii. >1: How many days to keep
  - b. 02 Column separator: The character that will be used as a separator in the exported file
  - c. 03 Column quotation: The character that will be used as a quote in the exported file
  - d. 04 Line comment indicator: The character that will be use to comment out a line in the exported file
  - e. 05 Archive file type: The file extension to be used for the exported file
  - f. 06 Path: Directory where the exported file will be written
  - g. 07 Record total stock: Not part of archiving
5. Click “Save Parameters” on the right-hand side of the screen
6. These settings will not take effect until the Kardex Power Pick System Rule Engine Service is restarted on the application server.
