- ClearSpeak Method © uses hearing, sight and touch in practical exercises, using catchy, memorable words for sounds.
- Learn techniques for accent and native language habit reduction, and gain confidence in natural speech through role plays and group work.
- Build personal confidence through weekly presentations, and develop with the support of personalised feedback.
- Improve your listening skills for a better understanding of native speakers and the environment you are living in.
- Suits students at Pre Intermediate (IELTS 4.0) to Intermediate (IELTS 5.0) students. Take the Greenwich English College Placement Test - online or on campus.

“Learning English means communicating with English speakers by talking, listening, reading and writing. Often the most important and challenging skills are speaking and listening, as we use these every day in many different situations. Knowing many English words and using good grammar isn’t enough - people need to understand what you are saying, and you need to understand them.”
