Support local businesses during the Covid-19 pandemic

To our people, loved ones, business colleagues, clients and friends,

Together, we are facing a truly unprecedented situation. The global coronavirus pandemic is affecting all of our families, our businesses, our communities, and our way of life. During this time, we wanted to reach out and update you on how we're approaching the situation at Seventh Heaven Event Catering and Corporate Crazy Catering.

First and foremost, our hearts go out to anyone who's been impacted by the virus, either directly or indirectly. Our thoughts are especially with those who are sick, to whom we extend our heartfelt wishes for a full recovery. And we're truly inspired by the selfless healthcare workers around the world who are on the front lines working tirelessly to care for people in need.

As the global impacts of the Coronavirus (COVID-19) continue to unfold and affect the many communities we serve, so does our response. We are focused on the health and safety of our employees, families and communities. As of Monday, March 9th, we have been working with a reduced crew and our office has been working remotely from home to practice social distancing and do our part to flatten the curve.

During this time, to help families, we are introducing convenient food items ready to eat, or freeze and store for a later date, with no contact pick up or no contact delivery for you and your loved ones to enjoy.

Please stay safe.

With love,  
Seventh Heaven Event Catering &  
Corporate Crazy Catering Family
