LEGO BIG BUILDERS

Club Description

Lego Big Builders is a unique enrichment program for budding young engineers. Developing children's tactile, motor, and spacial skills while teaching science and engineering principles using K'Nex®.

Program subjects include:

- Physics principles: e.g.: balance and buoyancy
- Animal kingdom: Various animals - domestic and wild
- Biology: Natural pest control, pollination and symbiosis
- The Universe: Space, earth and the solar system
- Geometry: characteristics of basic geometric shapes
- Transportation and traffic safety: different types of vehicles including motorcycles, trucks, cars and boats

Lego Big Builders develops:

Motor skills, social interaction, self expression, creative thinking and a broad knowledge for future learning. Children best absorb subjects taught through play and experimentation.

Course availability

Club must be booked for the entire semester. See terms and conditions for further details. Minimum of 5 children to start club.
