

MULTIPLE VENDOR EXPORT FOR PRODUCTS

To use this feature you need to create a schema for exporting products and all of the vendors for each.

Product: Potato

PDF Documents | Customer Promotions | Back-Orders | Commissions | Promotion Codes | Images | Cross Sellers | Product Information | Vendor & Pricing Info | Additional Info | Custom Fields | Variants | Customer Pricing | Serial #'s

Vendor Product Info

Select Vendor: World of Vegetable Association | Assign Vendors | Primary Vendor

Product Name: Beauty Care National Vegetable Corporation | Same As Internal

Vendor SKU #: World of Vegetable Association | Same As Internal

Min Reorder level from Vendor: 0 | Unit breakdown: 1
i.e. Vendor ships 1 box made up of 24 units

Pricing Info

Enter Cost Price and Mark Up % to Calculate Price. Or enter Cost Price and Selling Price to Calculate Mark Up.

Cost Price \$: 3.00 per/ | Unit Breakdown Cost Price: 3.00 | Landed Cost \$: 0.00

Mark Up %: 33.33 | Selling Price \$: 4.00
selling price is per unit breakdown

Suggested Retail Price \$: 4.00
Rounds selling price to the nearest 9. i.e.: 1.01 -> .99; 1.15 -> 1.19 (to 2 decimal points)

Round Price

Advanced Units of Measure (UOM)
Specify UOM and their Unit. Breakdowns that you BUY from your Vendors and SELL to your Customers. | Specify UOM

Schema: ---Select Schema--- File Ext: xls
Name: Multi Vendor for Products Type: Products
 With Multi-vendor

Create Custom Formula
Column Name:
Formula:
Verify and Add Delete Formula

Add New Delete Save Next Close

Next, create **Name** for schema
Select **File Extension**
Type should be **Products**
Check the box for **Multi-vendor**
Click on **Save**

Now that you have created a schema, you are now ready to export.

To export, on **Ready To Export** tab:

Note: Make sure that Export Type is PRODUCTS

Select **File Folder** location

Create **File Name**

Select **Schema** created to export customers that would include all addresses for each

You may also select **Warehouse** and **Search Filter** according to what order the list will be placed

If everything is set, click on **Export**
