Today Discussion: How to build your own Easter service

- **You:** Pre-recording yourself teaching and introducing elements
- **Sharefaith Kids:** Edit your recorded elements together with our free Easter lesson
- **Customize:** Use/rearrange the resources however you want!

Live vs Pre-recorded

- **Live Stream**
 - Pros: Frees some people up to be more fluid & spontaneous
 - Cons: A higher degree of difficulty especially if cutting between media elements. Smooth production typically requires more people to do well.
- **✓ Pre-recorded**
 - Pros: Know exactly what you are going to get. Prerecord, edit, and get your final video just like you want it.
 - Cons: Can feel overproduced and less personal. We'll address this issue in our outline for your prerecorded Easter online service.

Video Editing Software

Opener

- Introduce yourself / Have you *and* your Sr. Pastor open the video!
- ►**Script:** “Hello kids, welcome to our online service that been made especially for you! Today we are going to celebrate Easter. It’s a time where we remember God’s incredible victory over sin and death. And we know God is victorious because Jesus rose from the dead! We gave a lot of great stuff coming and I want to give you and your family a quick preview of everything.”

Worship Video

- Introduce a time of worship.
 - ►**Script:** “Today we are going to worship God. Sometimes we think of worship as singing songs...but really singing is just one way we worship. Worship is using our hearts and our actions to show that nothing is more important than God. He deserves all of our love, all of our praise, and all of the glory. Today we are going to sing a song that reminds us of how great God is...he loves us so much he sent his son Jesus to save us from our sins! Today’s song is called ‘Eternal Life’”
 - It comes from John 3:16
 - It has hand-motions...so join in!
 - It reminds us of why Easter is so important!
 - **Tips:** Share what worship is & why we worship at Easter
- **Play:** Seeds Family Worship Video

Bible Video

- **Introduce Bible Video**

- **►Script:** “Today we are going to watch a video that brings to life the incredible Easter story. As you watch imagine what it would have been like to be there and to hear for the first time that Jesus had risen from the dead! What would you think? What would you do?”
- **Tips:** Encourage kids to use their imaginations. What would have felt – sad or happy? What would they have done if they were there?
- **Play:** Sharefaith Kids Empty Tomb video

Retelling the story

- **Invite Kids to retell the story**

- **►Script:** “Wow! What an amazing story! But, how much of it do you remember? I’m going to show you some pictures from our Bible video. I’ll give you 10 seconds on each picture for you and your family to talk about what happened.”
- **Tip #1:** Introduce each slide to keep kids engaged.
- **Tip #2:** You can either load each artwork slide into your video editing software, or you can do a screen recording of yourself going through each slide, and then add that video.
 - [Apowersoft](#) is a great free online screen recorder.
