

## MEDICAL & EMERGENCY WORK FACE SHIELD / MASK

(effective 4/1/20)

### Armacell Material Recommendations: 1" Foam Pad / Strip / Closed Cell Foam

<p><b>Application:</b> 1" thick foam that acts as a cushion on a medical face shield</p>
<p><b>Typical Foam Strip Size:</b> 1" wide X 1" thick X 9" length</p>
<p>Armacell manufactures a large variety of closed cell foams for various markets including medical.</p> <p><b>A soft, very flexible, lightweight Armacell closed cell foam is the best solution for this application.</b></p>
<p><b>Advantages of closed cell foam vs. open cell polyurethane foam:</b></p> <ul style="list-style-type: none"> <li>✓ Closed cell foam is extremely water resistant</li> <li>✓ Open cell foam polyurethane foam (PU) allows water &amp; sweat (body fluids) to enter the foam &amp; can trap airborne germs</li> <li>✓ Durable: Closed cell foams are durable with good tensile &amp; tear strength properties.</li> <li>✓ If sterilized, closed cell foams could possibly be reused multiple times. Open cell foams are a 1 time use.</li> </ul>
<p><b>The recommended Armacell closed cell foams are:</b></p> <ul style="list-style-type: none"> <li>✓ Soft</li> <li>✓ Flexible - best choice due to the contour bend required</li> <li>✓ Adhesive friendly</li> <li>✓ Water resistant</li> <li>✓ Antimicrobial (3071)</li> <li>✓ Latex free</li> </ul>
