

UV-Clean Surface Mount

Safely Disinfect High Touch Devices

UV-C light is used to eradicate harmful bacteria, including antibiotic resistant viruses (including Coronaviruses SARS and MERS), Staphylococcus aureus (MRSA) and Enterococcus (VRE), as well as E. coli, difficile, Proteus spp., Klebsiella spp and Listeria spp. Our automated chemical-free disinfecting technology is your second line of defense against the spread of infectious microorganisms.

The UV-Clean Surface Mount (UV-SM) is designed to be used as a free-standing unit or you can easily remove the stand and attach the device to the top of any monitor bezel. Automated cleaning cycles with low doses of UV-C light is harmful for pathogens, yet safe for you. Although hand washing policies should be your first layer of defense, UV-SM will provide an additional level of disinfection to all hightouch surfaces.

How Does It Work?

- Germicidal UV-C light is dispensed at low levels
- Microorganisms absorb the UV-C wavelength
- DNA of infection-causing pathogens are broken
- Pathogens are disabled, stopping them from reproducing and spreading

UV-Clean Surface Mount

Safely Disinfect High Touch Devices

COVERAGE AREA  0° Rotation Coverage  15° Max Rotation Coverage Area

Safe, Flexible, Next-Generation High Touch Surface Disinfectant

With UV-Clean, you can set up a strong line of defense against the spread of infectious microorganisms on high-touch surfaces or objects. Gain the upper hand to Lead the Change, create the safest environments for your employees, customers and communities

PRODUCT DETAILS

- 367-5456
- Automated and customizable disinfecting cycle
- Motion activated for safe deployment of UV-C light
- 22" - 24" active disinfecting area range
- Internal memory and built-in audit trail
- Independent low energy LED task light
- One-year warranty
- Extended Warranty options available

MATERIAL OVERVIEW

- 100% recyclable UV stable plastic
- UV-C bulb
- 12" long micro USB to USB communication cable
- 6' long 5.5mm pin to USB power cable
- Power adapter included

KEY FEATURES

- Sits conveniently over your keyboard surface and automatically begins cleaning cycles
- Two interchangeable brackets for your choice to mount over keyboard or above monitor
- Optimizes day-to-day workflow with an automatic means of self-disinfection
- Low cost of ownership
