New business guidelines:

- New 3-year rate special will apply to applications signed on or after June 16.
- To receive the previous 7-year rate special, applications must be signed before June 16.

For rate hold, we compare the date the application was signed and the date the funds are received (if received within the rate hold period). Your client will receive the more favorable rate between the two. If rate hold no longer applies, the client will receive the current interest rate at the time the contract is issued.
