

# DIY Mosquito Repellent Candle

FROM THE KITCHEN OF  
**DEBBIE MACOMBER**

Use this natural mosquito repellent all summer to rid your table of unwanted pests. It smells great, is pretty, and is very simple to put together.

## Supplies

- 2 lime slices
- 2 lemon slices
- 2 rosemary sprigs
- Pint sized jar
- 10 drops Lemon Eucalyptus essential oil (found at any health food store or online)
- 1 floating votive candle
- Tap water

## Directions

Place lemon slices, lime slices, and rosemary sprigs into the jar. Pour 10 drops of the oil into the jar, then fill the rest of the way with water. Float candle in water.

Take the jar outside and light the candle.
