

# Drizti Inc.

## Dev, Founder, [hello@drizti.com](mailto:hello@drizti.com)

- Founded in 2017
- Headquarters: Toronto, ON, Canada
- Delivering Cloud HPC and Supercomputing technology
- Serving North America, Europe and Asia Pacific

- Our capabilities in Advanced Manufacturing:
  - We Deliver Personal Supercomputing
    - *Big Compute power for your advanced manufacturing*
  - Automate and Accelerate Simulation Engineering & Virtual Prototyping
    - *Cloud High Performance Computing (HPC) Platform*
    - *Expert HPC support*
    - *No Datacenter required*
    - *No in-house hardware required*
  - We take care of your computing needs while you work on product engineering

- Partnerships we are seeking:
  - Simulation Engineering/Virtual Prototyping Users
  - *We can help you accelerate development with HPC technologies.*
  - *Accelerate your CAE*
    - *Scale from your workstation to an HPC cluster in minutes*
    - *No investment in hardware*
    - *No in-house HPC expertise required*
    - *Use a laptop and access your personal HPC cluster from anywhere!*
  - *Eliminate CAPEX for your HPC needs*
