

# RoweBots Limited

## Kim Rowe, CEO, [pk@rowebots.com](mailto:pk@rowebots.com)

- Developing advanced COTS and custom IIoT sensors and systems
- In Business 11 years,
- 18 employees
- Distributed development – Canada and Europe

- COTS Lorawan gateways and sensors
- Azure cloud integration
- Azure cloud AI
- Site Lorawan human safety and location tracking systems
- Integration into existing industrial bus systems
- Custom sensors and systems
- Installation, support and long term maintenance

- Cloud development partners
- Industrial system sales and development partners
- Industrial networking partners seeking very low cost, low data rate, zero installation cost sensor systems
- Industrial sensor vendors requiring integration of sensors into industrial systems

- Manufacturers needing very low cost systems with various sensors or custom sensor requirements
- Manufacturers using Azure or considering it
- Manufacturers looking for very low cost sensor and network installation
- Manufacturers with existing networks that need low cost sensor augmentation
