

# secondary coverage project

---

**Your assignment:** To pick out **seven different types** of secondary coverage out of professional magazines and newspapers.

**You will need:**

Magazines and/or newspapers

Construction paper

Scissors

Glue sticks

**Project instructions:**

- **Glue each type of secondary coverage on a separate sheet of construction paper**

- **Identify three things:**

1. What type of secondary coverage

2. Why it fits under that category

3. Give an example of how it could be turned into a secondary coverage that could be used in next year's yearbook.

(Be specific, including what section off the book and what we be covered.)

- **Include a construction paper cover sheet that includes your name, class period and title of this project "Secondary Coverage"**

**Other notes:**

**This is an individual project.** You may NOT work with a partner.

**You may NOT use ads as secondary coverage.**

**You may NOT use the same type of secondary coverage twice** (i.e. can't use two quizzes or two feature profiles.)

**This project is due \_\_\_\_\_** at the end of class. Projects should be placed in my box.

**This project is a test grade.**
