FROM THE PRESIDENT'S DESK: *What Are You Doing for Others?*

PRESIDENT HARRY S. TRUMAN ONCE SAID, "Our debt to the heroic men and valiant women in the service to our country can never be repaid. They have earned our undying gratitude. Americans will never forget their sacrifices". Since 1963, Magnolia Manor has been home to many veterans and the widows of veterans who depend on us for their care. In this issue you will see highlights of these men and women and the celebrations hosted in their honor. Paying tribute for their actions, often times as volunteers themselves, they defended our country and this is but one very small way we can honor them.

Just as so many volunteered their time, giving to others who can never repay them, volunteering is the backbone of our country and is an invaluable resource to Magnolia Manor. From those who were willing to sacrifice their safety and comfort to take up arms in protection of our freedoms, to those who are willing to spend an hour each week visiting with our residents, people who give of themselves are to be celebrated. Those who choose to give of their time to our residents help make Magnolia Manor what it is today. With a giving attitude, every situation is an opportunity for success and Magnolia Manor contributes much of its success to those who have a giving attitude and have found ways to give back through our ministry and its many volunteers.

On every Magnolia Manor campus, there are countless ways to volunteer. Every shared moment with a resident has a direct effect on the quality of

their life. Regardless of your age or situation, volunteers can have a positive impact on others. No act of sharing goes unappreciated; the simple act of visiting with a resident, holding their hand or offering a listening ear may seem like a small thing, but is actually quite powerful because that simple act of caring brings our residents immeasurable comfort, joy and encouragement.

*With a giving attitude,
every situation is an
opportunity for success.*

In 1957, Rev. Martin Luther King, Jr. asked, "Life's most persistent and urgent question is, 'What are you doing for others?'" This question is as relevant today as it was 58 years ago... "What are you doing for others?"

I encourage you to be in contact with your local campus to see how your talents and desire to give to others can enhance the lives of those who call Magnolia Manor home.

THE LEAGUE OF THE GOOD SAMARITAN

MY DAD LOVED TO VOLUNTEER.

He loved being able to help out, get things accomplished and help make the world a better place in his own little way. He often didn't do it in an organized fashion, like signing up for a specific activity with an organization; he would simply show up somewhere and pitch in with whatever needed doing at that moment. My dad would have made a fantastic non-profit employee because his heart is what drove his motivation to help others. Not his ego, not his desire for accolades and applause. Just his great big heart doing little things for others.

At Magnolia Manor we are blessed across all our campuses to have volunteers with hearts as big as my dad's. Whether it

is a children's choir singing for residents, firemen helping out at a Valentine's Day dance or one or two community members coming in to visit with residents, all of our volunteers come to us with love in their hearts for our residents and we thank them for their time and commitment.

If volunteers demonstrate the amount of support an organization has within a community, then Magnolia Manor is very wealthy indeed! My dad would be impressed.

Love and Light,

A handwritten signature in black ink that reads "Jennifer T. Pollard".

Flirtin' With Disaster

STEVE HOLLAND IS MANY THINGS: a talented musician with a rock n roll soul, a risk taker, a drifter, and a free spirit. But one thing he is not, is boring! Steve was born in 1954 in Alabama to a military family. He spent his childhood as the typical military child, moving from navy base to navy base all over the world wherever his father was stationed. After leaving home at the age of 17, he co-founded a rock n roll band in Jacksonville, Florida by the name of Molly Hatchet. Steve spent the next 30 plus years on the road doing what he enjoyed most, playing the electric

guitar and Flirtin' With Disaster. His travels took him all over the United States and as far as Germany. As one can imagine, the stories of his life are endless... a bit colorful at times, and quite different from the average American guy. However, unlike the glamour that is portrayed by so many musicians, his journey was not always kind to him. Through the years he has accrued many battle wounds, but he also has vivid memories and a friendship that has stood the test of time. John Pappas and Steve have known one another for 29 years, and John, who is also a talented musician,

“I AM JUST AN OLD ROCK STAR.”

— STEVE HOLLAND

RESIDENT SPOTLIGHT

has walked through all of the ups and downs with Steve. Their friendship is best defined as a brotherhood, and is a big part of Steve being alive today.

In 2009, Steve had a major health crisis. He has no living relatives and John became his biggest supporter, encourager, caregiver, and guardian. After having two major back to back surgeries, both with unpredictable outcomes, he began rehabilitation. During this time Steve chose to make Magnolia Manor his home. Steve, who values his privacy, found Magnolia Manor to be a secure, safe,

nurturing environment to wake up to every day, and with many friends among the staff and residents, Magnolia Manor is a good fit for him. As a bonus, John is able to visit with him regularly. Steve is able to continue his work out sessions daily on the campus during his long-term physical rehabilitation. Because of his determination and the care and support he receives, he is doing well. Steve is a kind soul with an intriguing history, but if you ask him, he will say, “I am just an old rock star”.

ONE NATION *under God*

INDEPENDENCE DAY IS A CELEBRATION worth having. We are richly blessed to have our freedoms in this country. These freedoms did not come without a cost. We honored and remembered our fallen heroes on May 25th, and as we head into this season of celebrating our nation's independence we can honor those around us who have contributed to this nation's cause and served in our military, or are currently serving. At Magnolia Manor, we are rich with those

who proudly served in all branches of the military. While it is impossible to include all of them we wanted to bring attention to these heroes on our campuses, and say thank you for their service. The United States of America would not be the land of the free without each and every individual who has worn a uniform. Say the Pledge of Allegiance with pride and say thank you to those around you who are serving or have served.

Generosity of Spirit

MAGNOLIA MANOR IS EXTREMELY GRATEFUL to the clergy and laity of the South Georgia Conference for their incredible generosity of spirit. The response to our request for puzzle books for our residents was overwhelming and we look forward to dividing these goodies among our eight campuses. The tradition of donations to the extension ministries at Annual Conference

is a beautiful way to support these ministries and share God's love. We at Magnolia Manor thank you all for your continued support of our mission. If you have any questions or would like to make any additional donations of books or monetary gifts, please don't hesitate to contact Willie Beasley, Sr. VP of Church Relations at 229-931-5922.

VOLUNTEERS ARE *Love in Motion*

VOLUNTEERS ARE VITAL IN THE LIFE OF OUR ORGANIZATION.

Men, women, boys, and girls of all ages give of their precious time and resources throughout the year in order to make the lives of our residents more complete. Some of our volunteers give of their talents by singing or playing an instrument, and some by helping with various ceremonies and keeping items such as bird houses updated and clean, while others use their talents to organize games and other fun activities and gatherings. There are also those who come in and visit with the residents and share treats or cards with them. The list goes on and on, but at the end of the day it doesn't matter what they did while they were here, what matters is they came.

So often these individuals come and go with very little acknowledgment of the gift they are giving. As someone once quoted, "volunteers don't get paid, not because they are worthless, but because they are priceless". There is no truer statement. We at Magnolia Manor would like to say thank you to all of our volunteers and their willingness to serve because we realize every decision we make, every life we touch, every word we speak, has a ripple effect that echoes into eternity.

If you are interested in being part of a positive ripple effect at any of our campuses contact the individual in charge of activities at that campus. If you are not in a place to volunteer at this time but would still like to help then please consider a monetary donation, which helps to fund activities and other events on our campuses. You can mail your donation or you may go online at magnoliamanor.com and click on the giving icon.
