STAY INFORMED ABOUT NEWLY LAUNCHED INVESTMENT RECOVERY CASES

Deminor presents Deminor Alert & Monitoring Service (DAMS), a comprehensive monitoring service which will ensure you are informed about global opt-in cases with recovery potential and will provide analyses and recommendations on these cases.

3 KEY FACTORS IN MAXIMISING YOUR RECOVERIES

Over the past few years, opt-in jurisdictions have witnessed a **growing number of recovery actions**. However, without a public register to keep track of recovery actions, it can be hard for investors to discern if they should opt-in to a case and what is the best time to do so. DAMS helps you stay informed about newly launched and potential recovery cases, providing you timely information, analysis, and recommendations.

1 TIMELY INFORMATION DON'T MISS AN OPPORTUNITY

As a subscriber to our DAMS service, you will receive **up-to-date information** about potential new cases, newly launched cases and settlements in a wide selection of opt-in jurisdictions. These “alerts” include a **short description** of facts and potential defendants, the legal basis underpinning a possible recovery action and the strengths and weaknesses of each proposed case. The alerts will be sent through e-mail and will be available on every subscriber’s personal page on our secure MyDeminor platform.

SUBSCRIBERS

DAMS is intended for institutional investors who have entered into Deminor’s Master Agreement and who wish to ensure that they do not miss any recovery opportunities on the market. Typical subscribers are asset managers, boards and trustees of pension funds, sovereign wealth funds, insurance companies, endowments, charitable foundations, family offices and their advisors.

2 STRAIGHTFORWARD RECOMMENDATIONS KNOW WHEN TO TAKE ACTION AND WHEN TO REMAIN PASSIVE

Subscribers will be presented with a concrete recommendation on each identified recovery opportunity. Our recommendations are based on thorough research and analysis. Where useful, we solicit our large network of advisors, experts and legal scholars.

OPTIONAL: CREATE A LINK WITH U.S. SETTLEMENTS

Subscribers may choose to combine DAMS with a U.S. claims management service from a provider of their choice, or with one of Deminor's preferred service providers.

3 IN-DEPTH ANALYSES GAIN INSIGHT INTO THE REASONING BEHIND OUR RECOMMENDATIONS

By subscribing to DAMS, you will have access to the analyses underpinning our recommendations. Analyses are performed in close cooperation with local experts in the covered jurisdictions to complement our own in-house analysis. Deminor will also perform an eligibility check on the basis of your or your client's transaction data.

MONITORING ON A GLOBAL SCALE

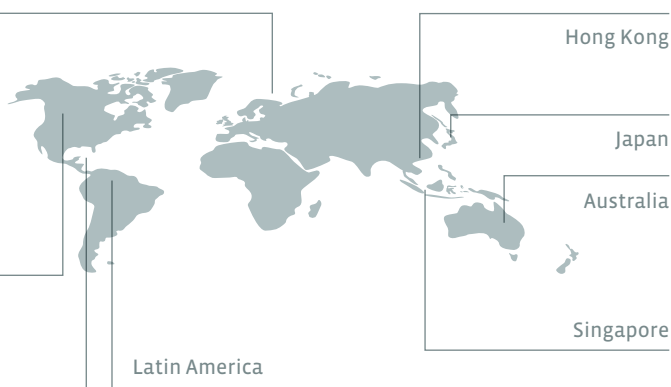

Over time, Deminor has widened its geographical reach beyond Europe. As a result, the Deminor Alert & Monitoring Service keeps track of opportunities on a global scale.

DAMS covers companies included in the main stock indices of the following EU jurisdictions:

Austria, Belgium, Denmark, Finland, France, Germany, Norway, Ireland, Italy, Luxembourg, the Netherlands, Portugal, Spain, Sweden, the UK

The service also covers proposed out-opts from class actions in the U.S. and Canada
