AGILITY TABLES

A range of powder coated steel framed agility tables with colour coded upholstered platforms providing a variety of options for use with linking and bridging apparatus. Uniquely available with the option of a transport/storage trolley.

SPRINGBOARD

An excellent carpet covered unit ideal for school and general institutional use.

TRADITIONAL BALANCE BENCHES

These traditional balance benches are superbly constructed to the highest standards. Each bench leg is jointed into both the bench top and the bench foot.

This method of construction, combines with a dovetailed balance rail, produces a bench with optimum structural stability. Hardwood fillets in the bench top ends prevent splitting. Rubber buttons avoid damage to the bench top when the bench is inverted.

LIGHTWEIGHT MATS

Light, rigid and easy to use, these lightweight mats are particularly suitable for younger children. Constructed from low density closed cell cross linked polyethylene foam, covered with heavy duty flame retardant PVC fabric. Latex anti slip base.

GYMNASTIC MAT TROLLEY

A painted steel unit fitted with a covered deck area and with castors.

Trolleys have multiple carrying compartments.

ACTIVSOFT SPRINGBOARD

Manufactured from lightweight polyethylene foam with a soft vinyl cover this is an ideal introduction to springboards.

SAFETY MATTRESSES

Essential for safer landings and building confidence during somersaults etc. Constructed using soft foam encased in flame retardant heavy duty polyester reinforced PVC zipped covers with an anti slip base.

Each cover has carrying handles, mesh breather holes to expel the air, and toggles to enable several mattresses to be joined.

RAINBOW FRAME

A colourful and robust Climbing Frame suitable for use in Key Stage 1 and 2 activities.

It is constructed with 32mm dia tubular steel within a frame, the powder coated finish providing wear and scratch resistance.

The frame can be used in both 'T' and 'Y' configurations, and is braced by two steel ladders for extra stability..

MASTERSPORT TRAINER FOOTBALL

The MasterPlay® Trainer Football offers outstanding value and features 32-panel, 3-ply construction suitable for most playing surfaces. This is a durable football ideally suited for both educational and club use.

BALL SACK OF 10
