HYDRAULIKK 2019

● PUMPER

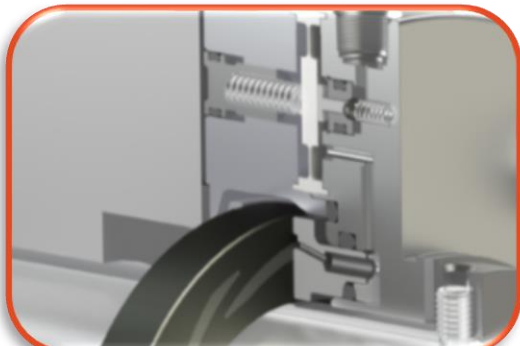

● ENERGI-OPTIMALISERING

● PUMPE SERVICE

● TETNINGS-TEKNIKK

Pumper

Tetningsprodukter

Hydraulikk

Kompositt

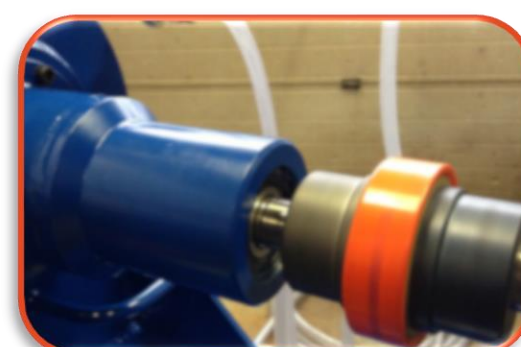

Smøreoljer ok kjemikalier

Kompensatorer

Kaldreparasjon av rør

Koblinger

- Leverandør av hydraulikk tetninger siden 1982
- Hydraulikkverksted: Reparasjon og oppgraderinger siden 1990
- Leverandør av hydraulikk sylindere siden 1994
 - Oppmåling på stedet av spesial løsninger
 - Leveranse av standard og spesial sylindere
 - Leveranse av aggregat og sensorer
 - Installasjon og oppstart
- Optimalisering program for å redusere total kostnadene

Special tetning system

Tetnings oppgradering

Selvsmørende

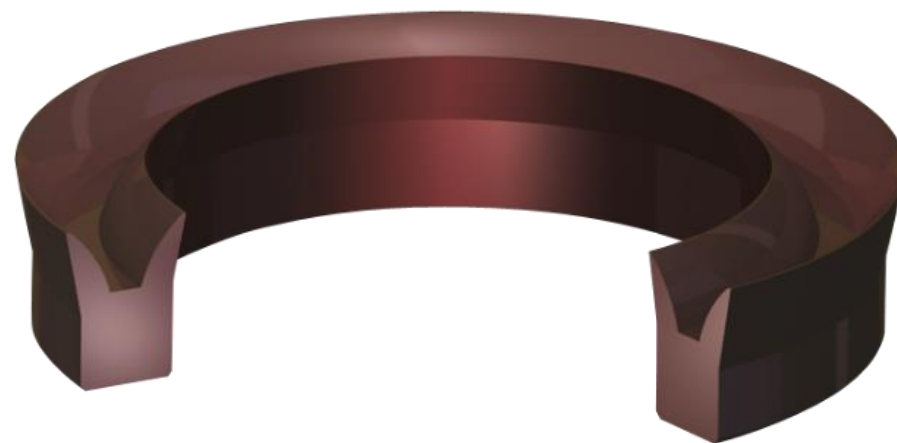

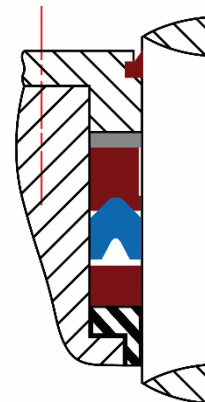

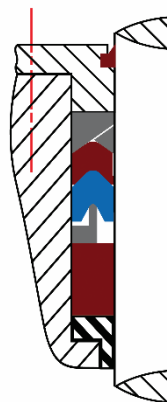

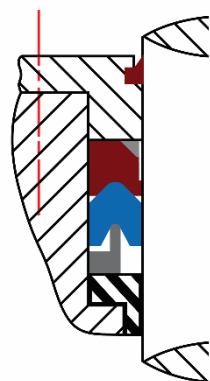

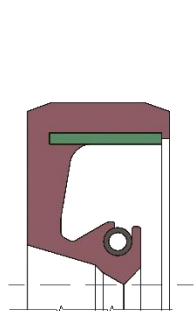

Unike materialer

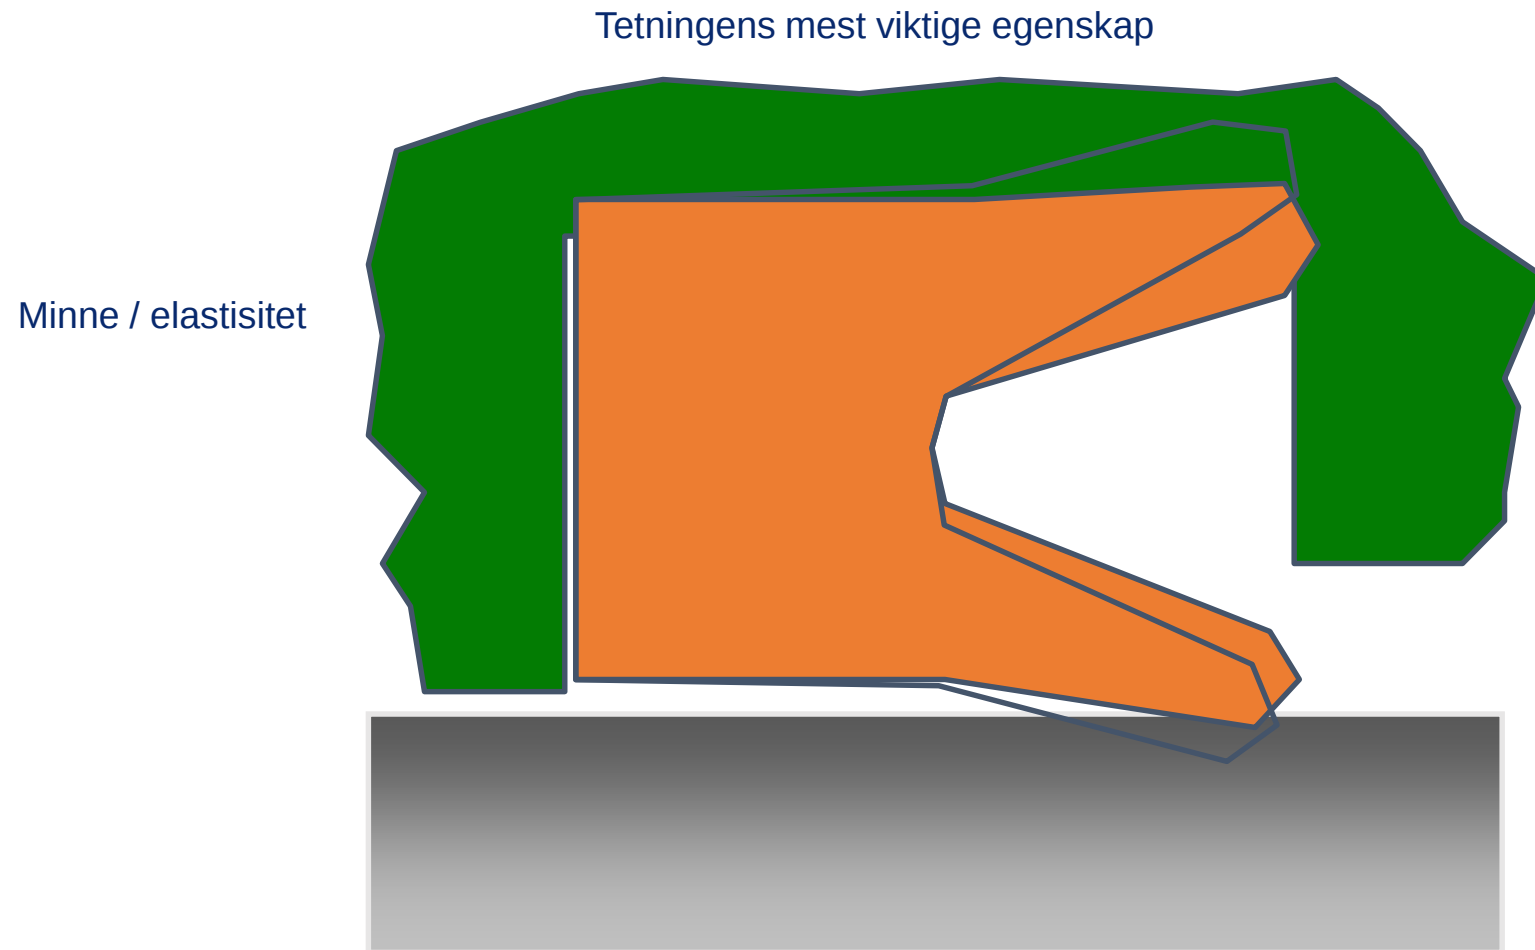

Hard kromming

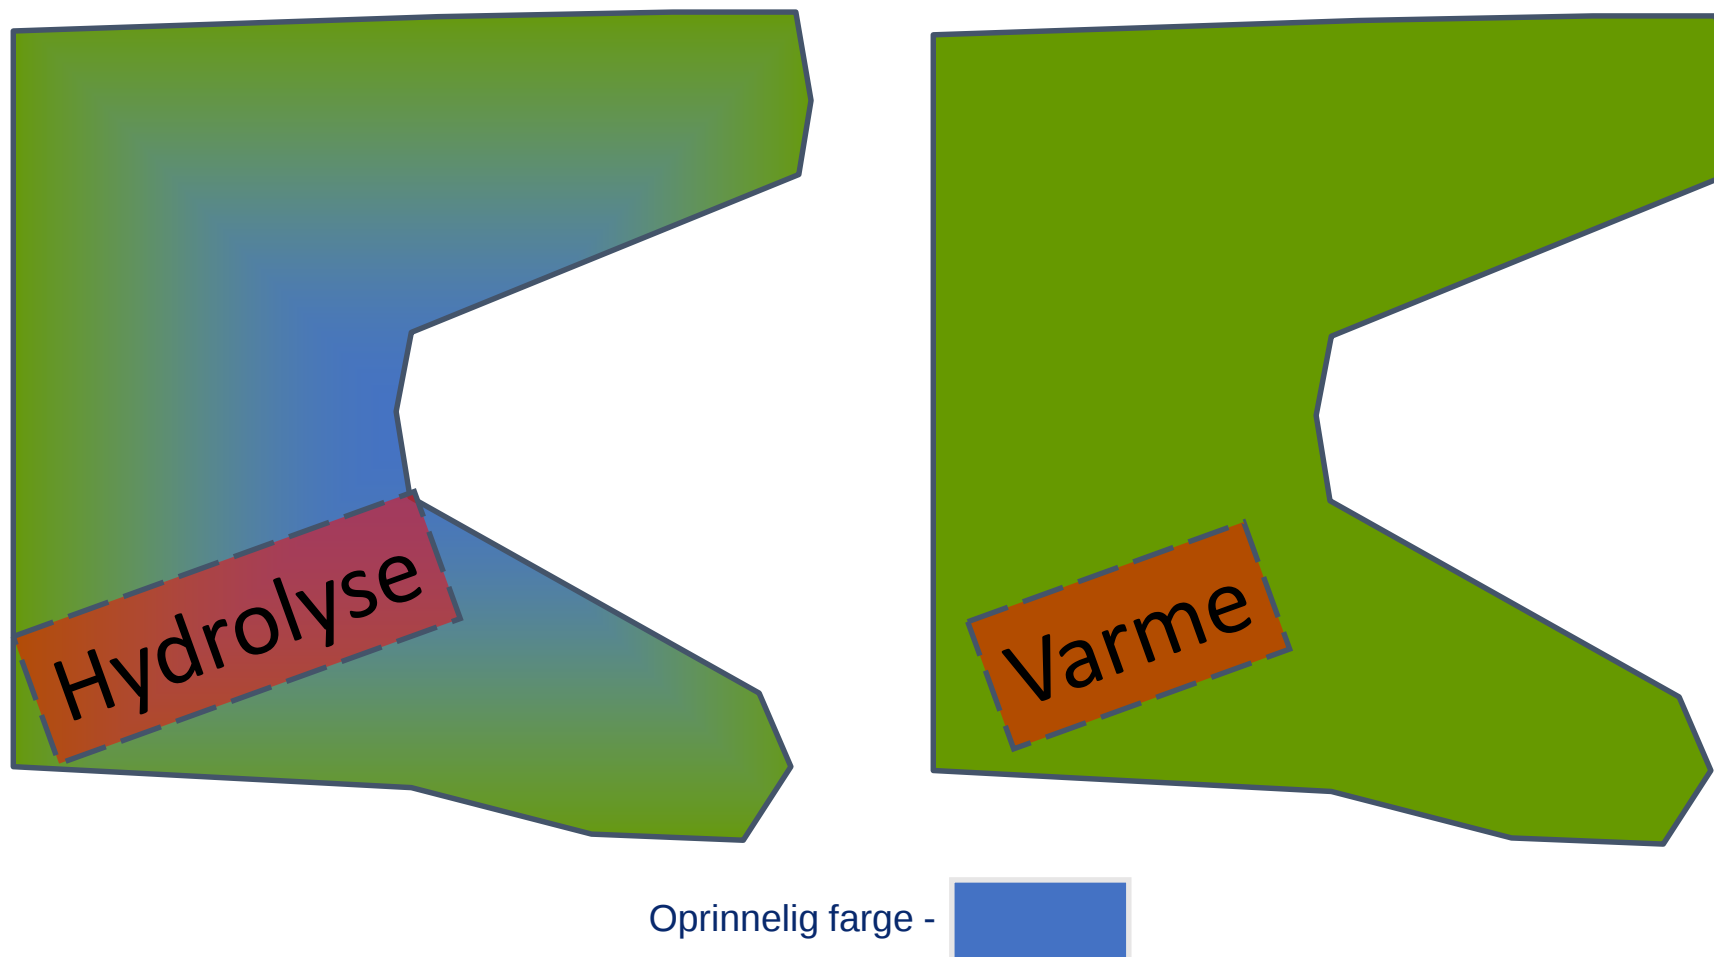

Nord-Europas største
vertikale basseng

Kan maskinere alle profiler

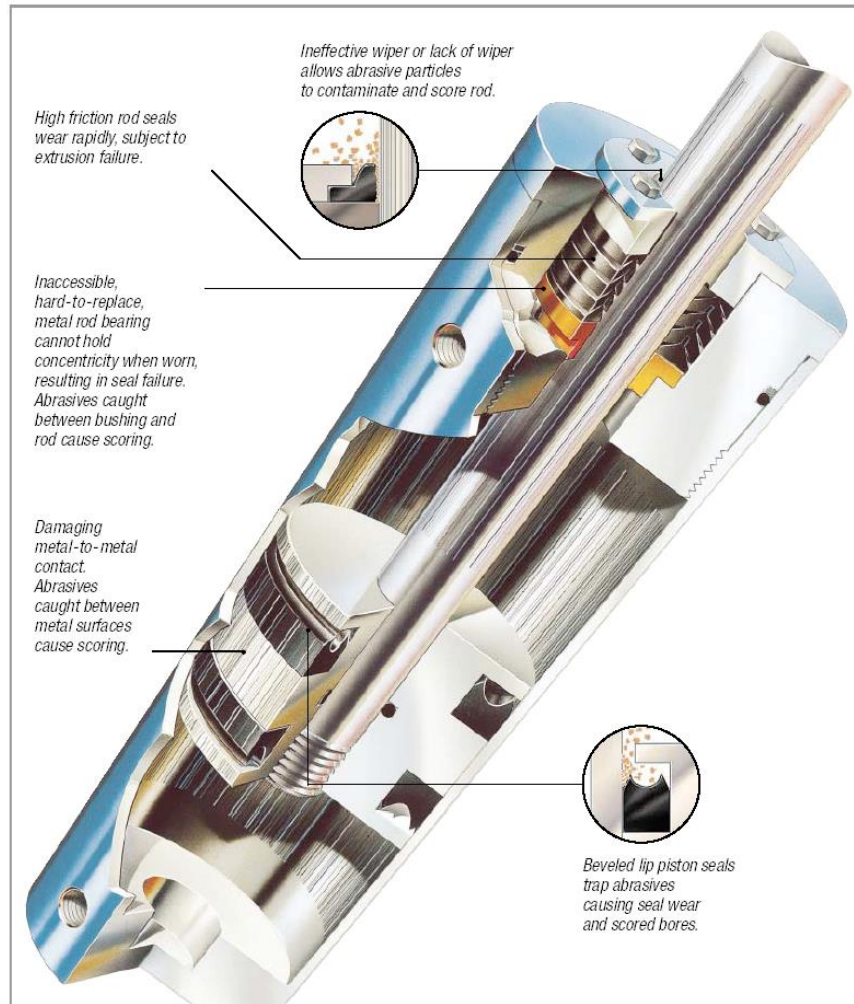

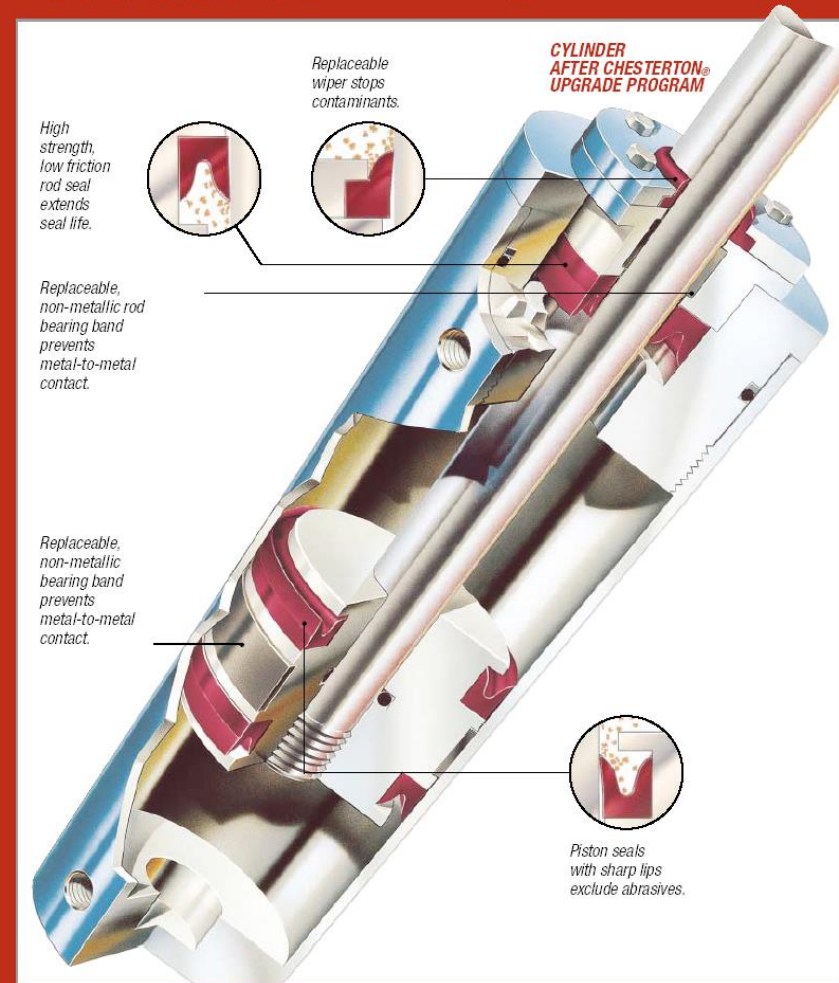

Materiale som forblir fleksibelt, høyere enn normal shore gjør at materialet tåler å være skarpere. Spiss avskraper mulig.

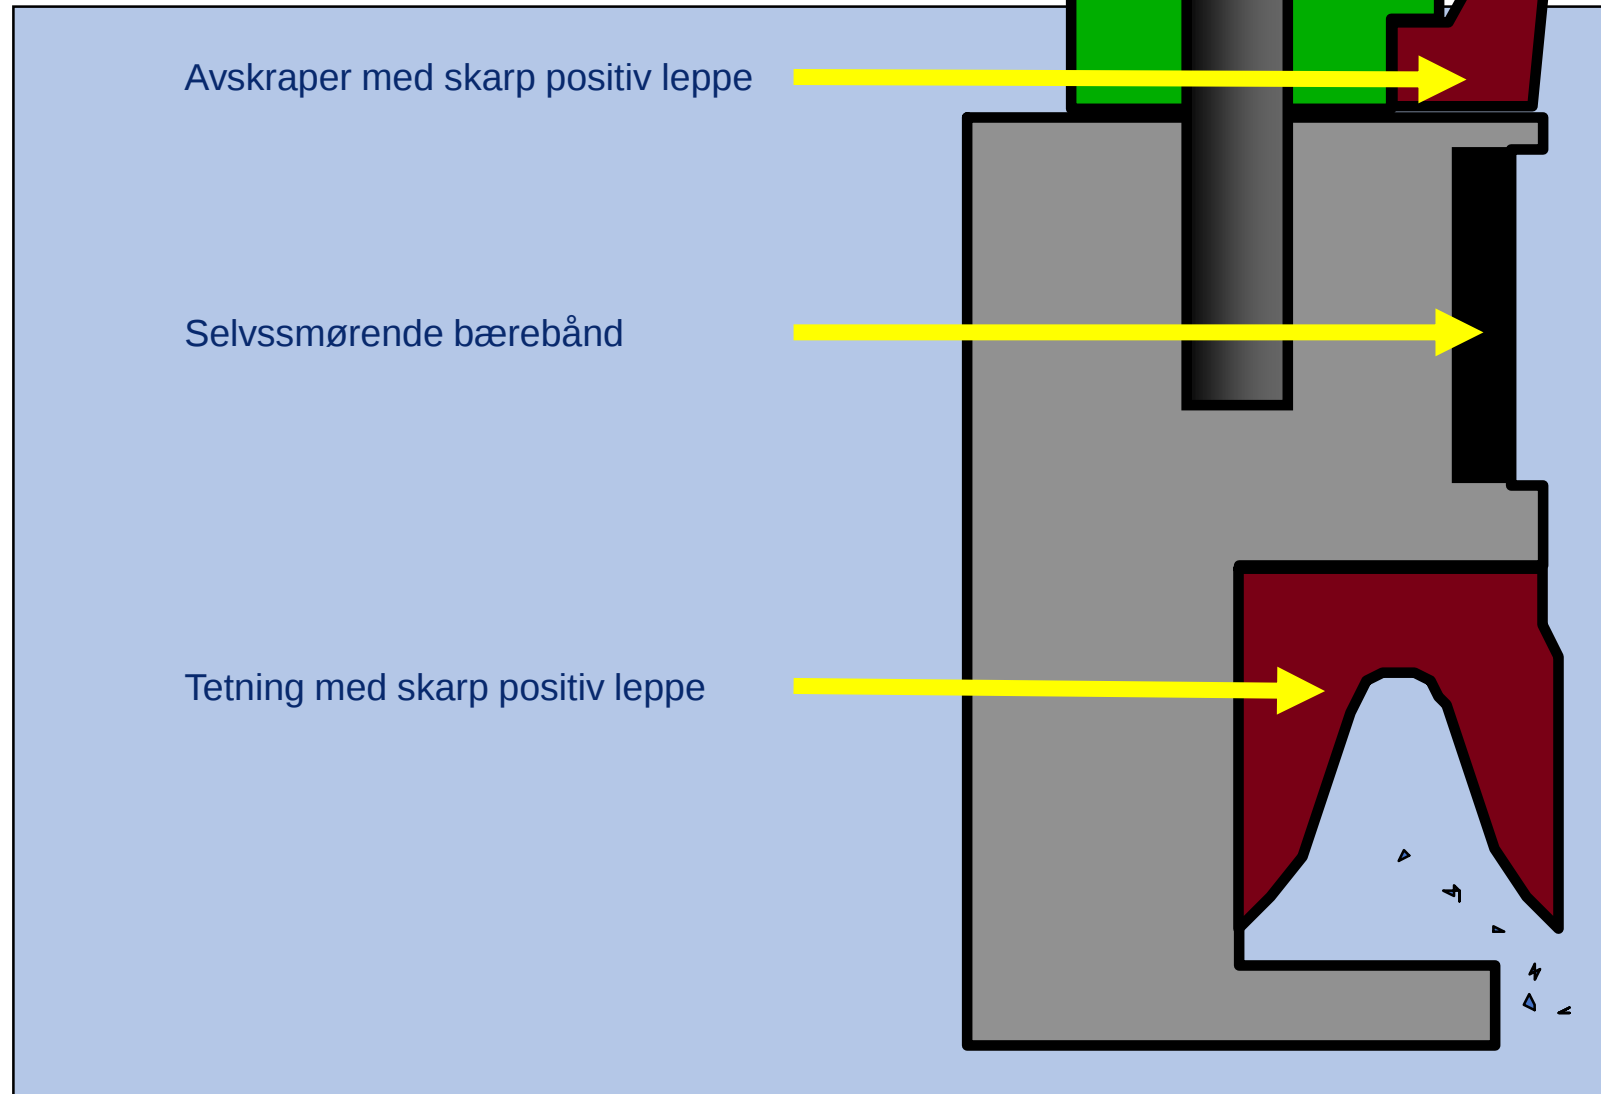

The common causes of excessive downtime with conventional cylinders

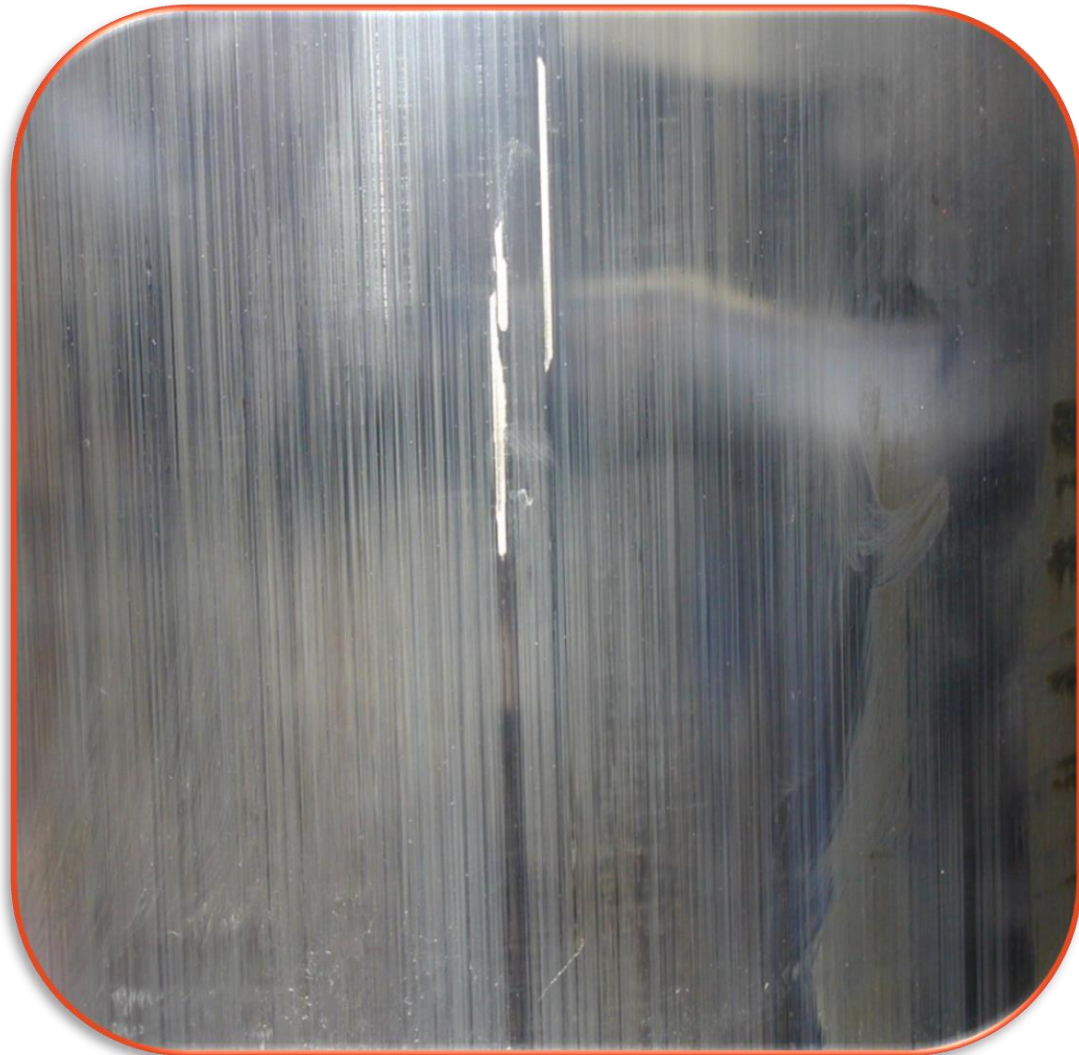

CHESTERTON® Cylinder Upgrade Program reduces downtime!

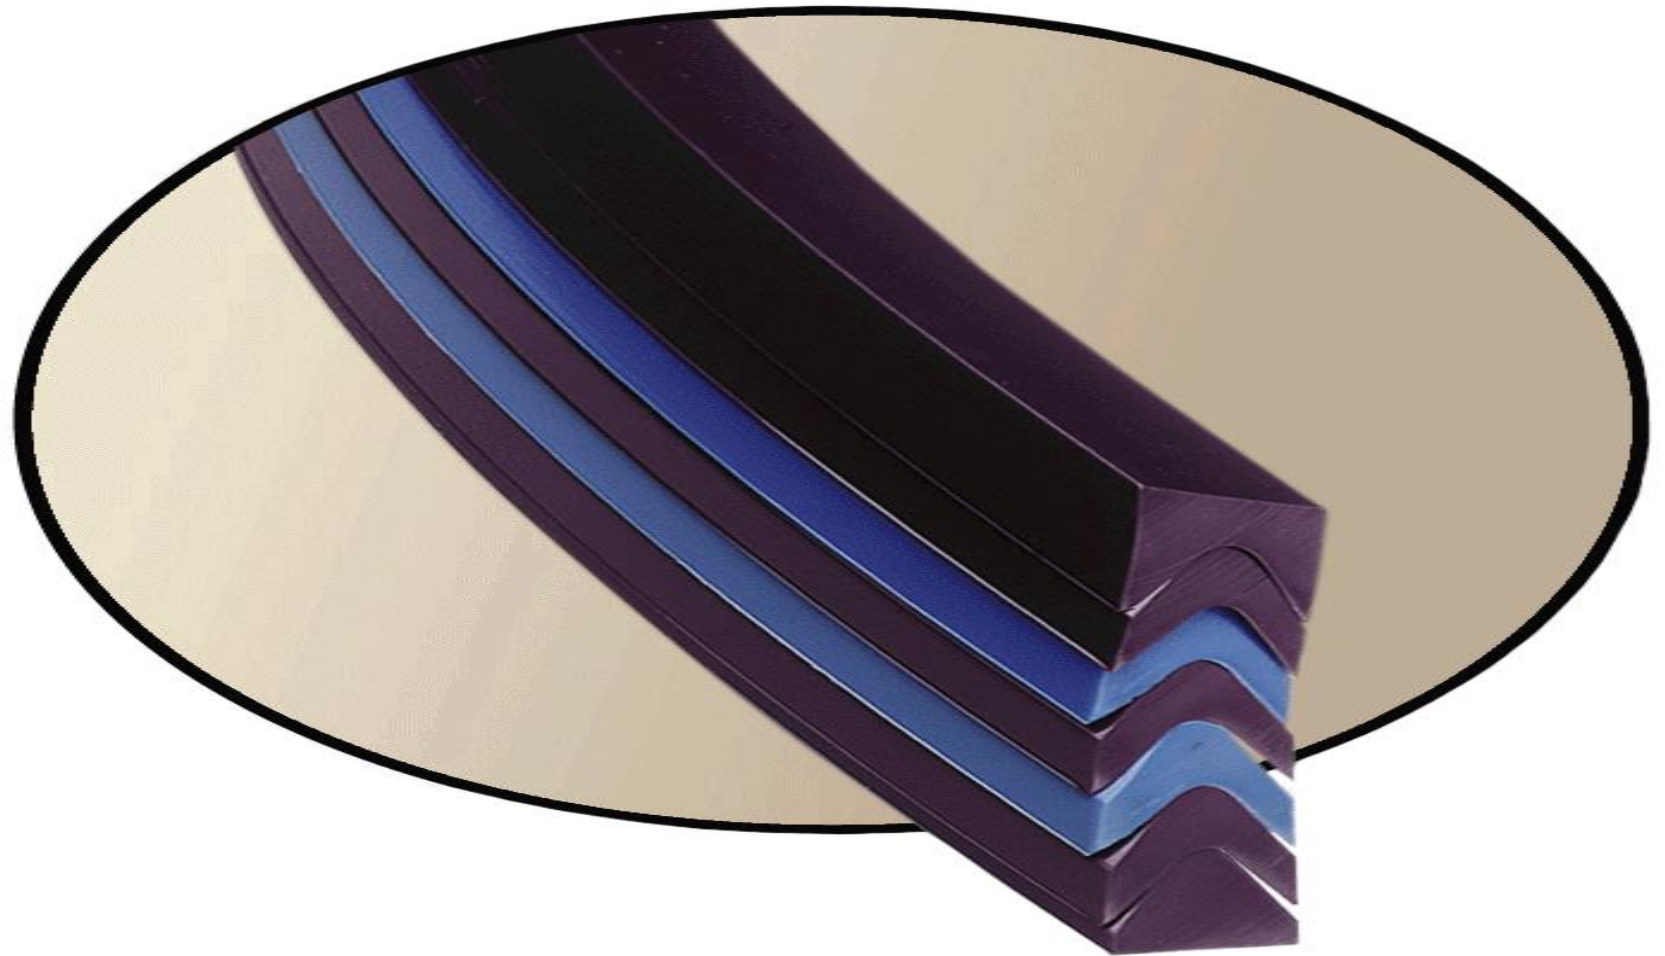

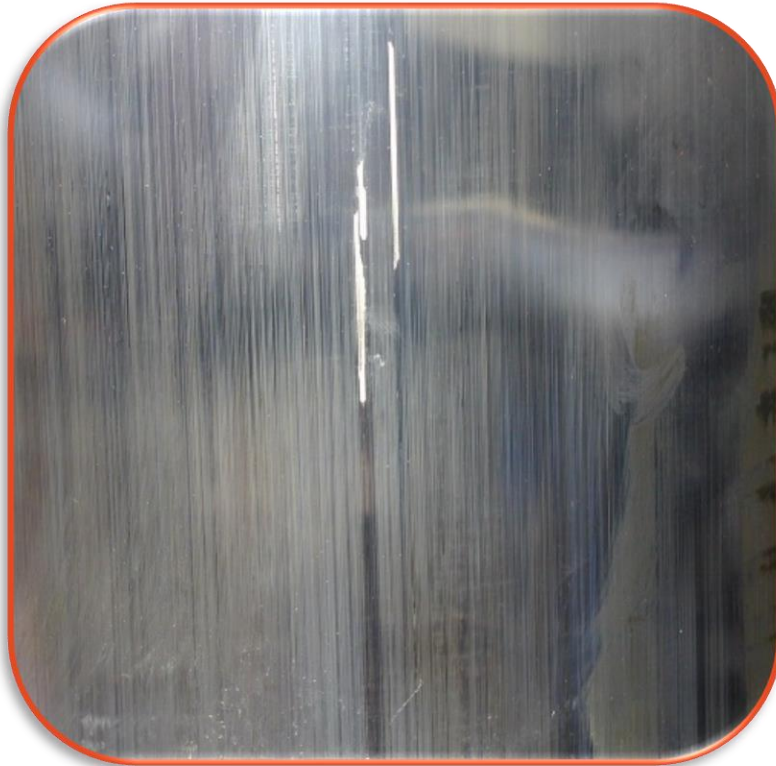

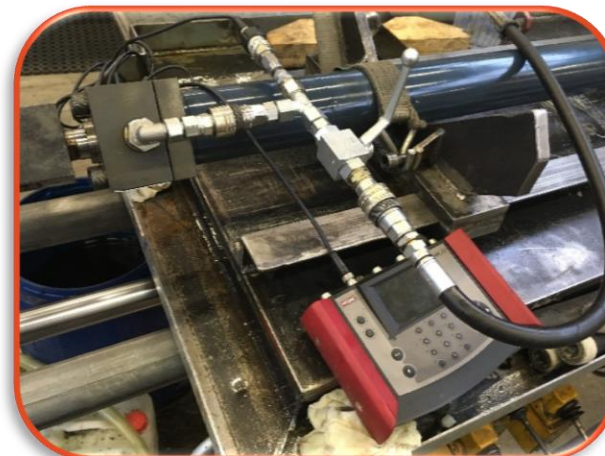

12 måneders drift – ingen lekkasje

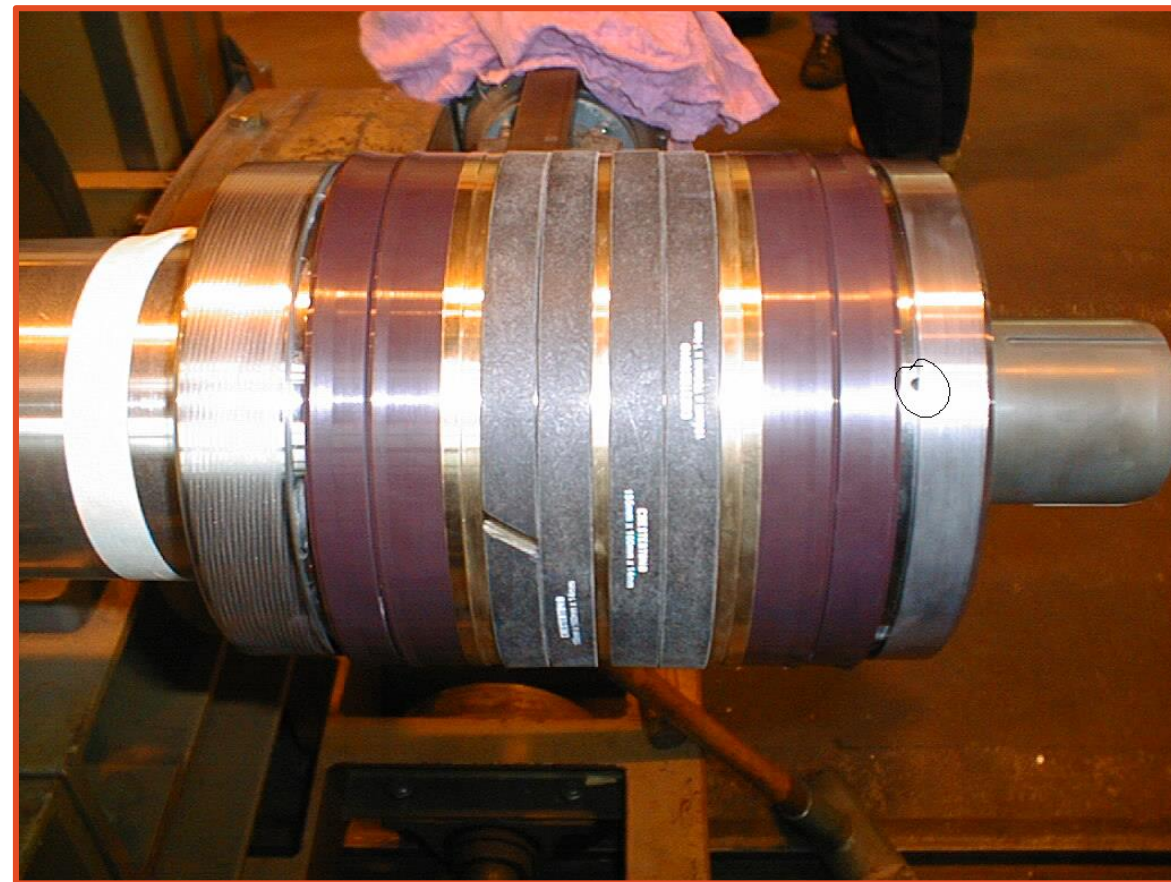

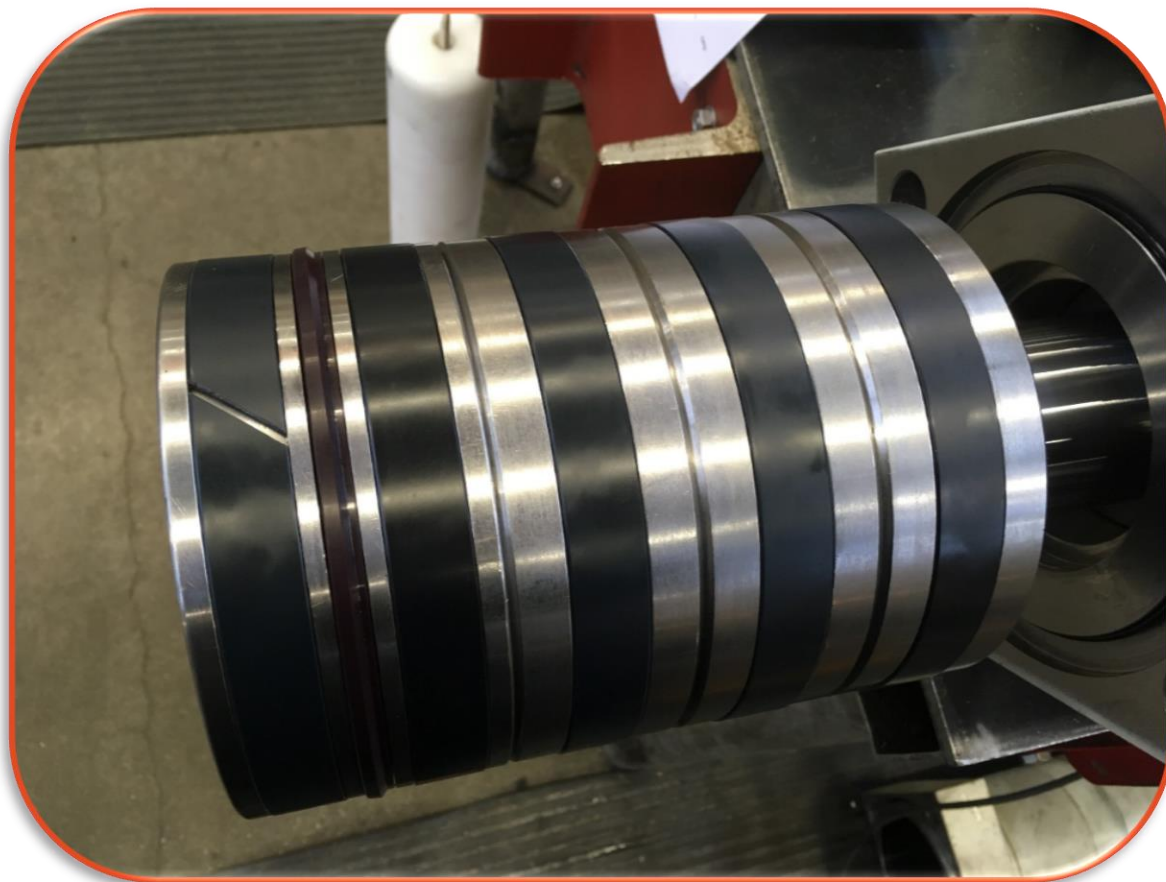

Oppgradert med Chesterton System

Hydraulic Power – at your service

Arcos Hydraulik

Borlänge, Sweden

45 anställda
8 CNC maskiner
1800 kvm prod.yta

Sävsjö, Sweden

72 anställda
19 CNC maskiner
4200 kvm prod.yta

Hällaryd, Sweden

12 anställda
4 CNC maskiner
2000 kvm prod.yta

Nastola, Finland

30 anställda
6 CNC maskiner
5000 kvm prod.yta

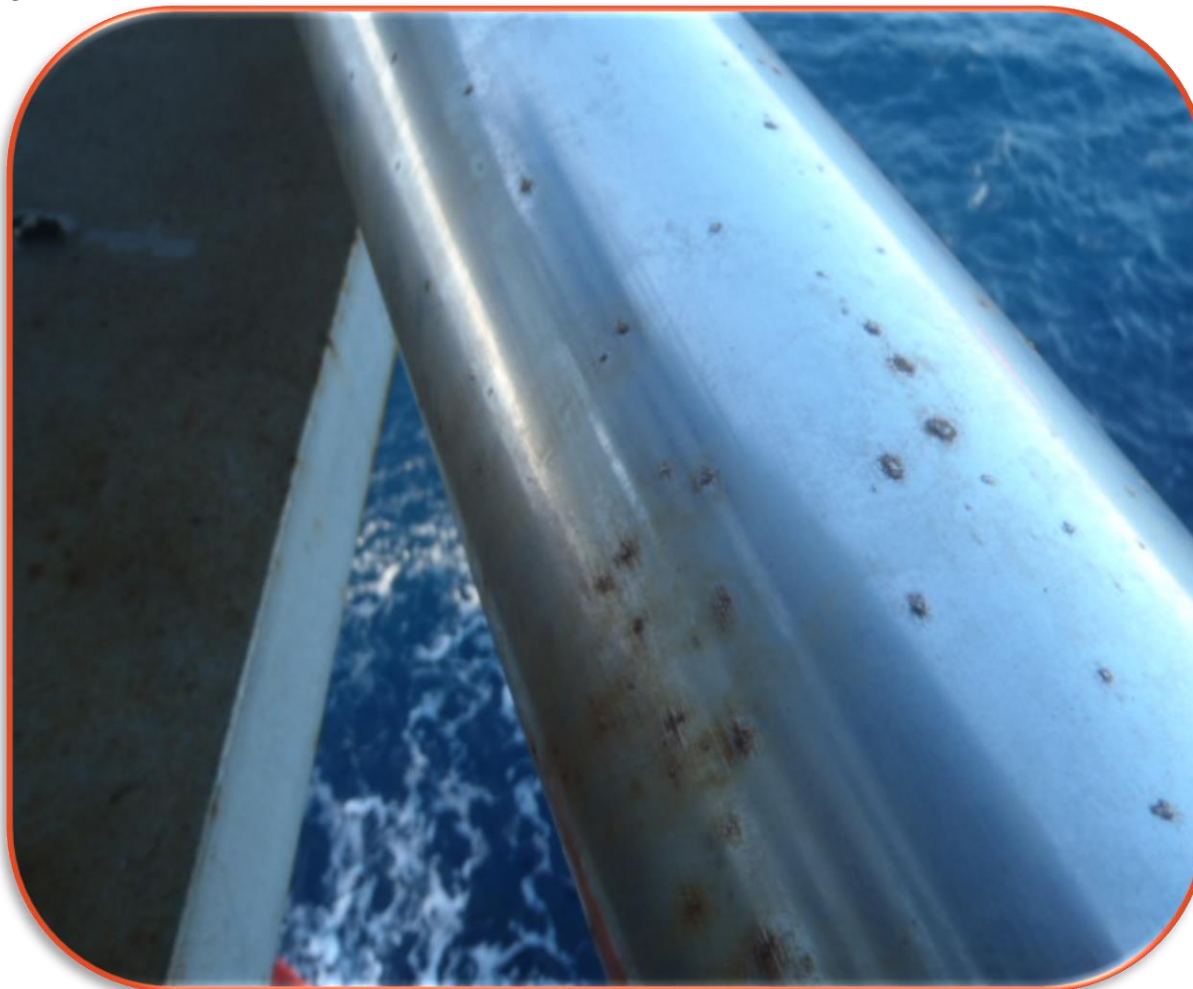

- OMS 250 MSEK
- Ca 170 anställda

- 13 000 kvm fabriksyta
- 37 CNC styrda maskiner

- 10 försäljningsingenjörer
- Över 800 kunder

Alltid boltet gland for enklere vedlikehold.

Typiske korrosjonsskader i marint miljø.

HARDKROMMING VERTIKAL

Forskjellige løsninger mulig for ekstra korrosive miljø.

F.eks. 2 x 50μ krom for garantert tett belegg.
