FAQs

Q: Who is providing the rebate?

A: This rebate is funded by the Government of Canada for Ontarians. Goemans is only administering the rebate on the Government's behalf. We are not able to alter the rebate structure or apply the rebate to purchases made prior to the Government approving the participation of Goemans Appliances in this program.

Q: Where is this rebate available?

A: The rebate is available at all Goemans locations. Orders must be shipped to a valid Ontario address.

Q: How is the rebate applied?

A: The rebate will be applied by your Sales Associate at checkout. The rebate value is 25% of the purchase price of the qualifying appliance(s) up to a maximum of \$500.

Q: How are taxes applied?

A: Taxes (HST) are applied to the full, pre-discount price of the item. See example below:

Item Price: \$1000

Applicable Rebate: \$250

Tax Calculation: $\$1,000 \times 13\% = \130

Total Price with rebate and tax: $\$1,000 - \$250 + \$130 = \880

(In compliance with Government mandated rebate instructions)

Q: Is this promotion available online?

A: Yes, navigate to <https://www.goemans.com/home/eco-appliances/> to see eligible Eco Appliances.

Q: Which models are eligible for the rebate?

A: Check models on our website at <https://www.goemans.com/home/eco-appliances/> or visit a store and speak to an Appliance Associate.

Q: When does the offer end?

A: This rebate will be available until Government of Canada funding expires or September 30, 2020, whichever comes first.
