## **Ambrell to Exhibit at EMO Hannover in Germany**

***Attendees can learn more about Ambrell's capabilities and take home***

**Scottsville, NY** — Ambrell, an inTEST Company and a leading manufacturer of induction heating solutions, will exhibit at EMO Hannover. The event will take place 18-23 September at the Hannover Fairground in Hannover, Germany and representatives will be on-hand in hall 11 stand B02. At the booth, attendees will be able to learn more about the benefits of induction heating and take home free Ambrell footballs, calendars and pens.

EMO Hannover is a large show with significant drawing power as it attracts over 143,000 attendees from more than 110 countries. It is considered a leading event for the machine tool industry but covers all production areas. With over 180,000 m<sup>2</sup> of floor space and 2,100 exhibitors, attendees are treated to a wide array of products and services across an impressive breadth of subjects.

In hall 11 stand B02, visitors will be able to see induction heating demonstrations and learn more about Ambrell's full line of induction heating solutions. Systems range from 1 kW to 500 kW over a broad frequency range. Ambrell's renowned applications laboratory, also known as THE LAB, offers full induction heating trials, proves viability and determines the optimal system for each client's process.

Attendees are encouraged to bring drawings with them to EMO Hannover and the Ambrell team will be ready to discuss their applications. The booth will include applications engineers from THE LAB at Ambrell. They'll be happy to discuss how visitors can take advantage of testing services from THE LAB.
