Mavs EDGE Internship Program

What is EDGE?
The University of Texas at Arlington's Economic Development through Guidance Education Program (EDGE) is a dedicated internship initiative with the goal of developing experiential learning opportunities for UTA students. Through participation in this program, our employer partners receive specialized services including, program support, expanded marketing opportunities, and event discounts.

What are the benefits?

Expanded Talent Acquisition and Branding Opportunities

- Direct connection with UTA Internship Coordinators and related department contacts
- Elevated marketing and position promotion opportunities through UTA marketing outlets
  - Job Posting promotion through The Lockheed Martin Career Development LinkedIn Spotlight page
  - Creation of an Employer Spotlight posting on The Lockheed Martin Career Development LinkedIn Spotlight page
  - Participation in workforce skills curriculum development through membership in a corporate forum
- A branding audit of your company's Handshake profile page

Registration fee discounts on select internship programming events

- Internship Fair, 20%
- Internship Programming Workshops, 25%

Program Development Services

- Preliminary needs assessment
  - Identification of current workforce needs and challenges
- Assistance in creating your position description
- Access to tailored internship materials (resources, workshops)
  - including an Internship Supervisor's Handbook and the EDGE Internship Resource Guide
