Mavs EDGE Internship Program

What is EDGE?
The goal of the University of Texas at Arlington's Economic Development through Guidance Education Program (EDGE) is to provide UTA students with exceptional experiential learning opportunities while assisting our partners with creating a talent pipeline that reaches into the classroom. As a Mavs EDGE partner employers receive specialized services including, program support, expanded marketing opportunities, and event discounts.

What are the benefits?
Expanded Talent Acquisition and Branding Opportunities
- Promotion of your partnership and internship posting in a weekly communication to UTA Internship Coordinators
- The addition of your organization's logo and URL to our partner webpage.
- Opportunities to participate in employer panels
- Elevated brand awareness and position promotion opportunities through the Lockheed Martin Career Development Center LinkedIn page
  - Creation of a new partner spotlight to drive student traffic to your Handshake posting
  - Sharing of your opportunity with our internship student networking group
  - Creation of a student intern spotlight to promote your student's experience

Registration fee discounts on select internship programming events
- All Majors Job and Internship Fair, 20%
- Internship Programming Workshops, 25%

Program Development Services
- Preliminary needs assessment
- Assistance in creating your position description
- Access to internship resources and workshops, including an EDGE Internship Resource Guide
