

Online Benefits Enrollment Solutions

ClubPay's online Benefit Enrollment solution integrates seamlessly with Payroll for an easier way to help you manage your open enrollment and new hire elections.

The Benefits

Access electronic records with the click of a button. Our enrollment solution was designed to be very good at one thing – managing employee enrollment in benefits, while solving the limitations of other systems.

Your employees will find the enrollment process to be extremely easy to complete saving you hours of time addressing employee questions about their benefit choices.

The Service

Online Benefit Enrollment provides employers with a real-time view of enrollment status and the tools to manage the enrollment. Enrollment data is available at anytime, at the push of a button. By leveraging our benefits enrollment technology you can:

- Eliminate mountains of paper involved with a manual enrollment process by using paperless Open Enrollment, New Hire Elections and Qualifying Events
- Offer a single, form-based process that is simple and familiar for employees
- Customize the enrollment system which can be set up in hours
- Monitor enrollments in real time, no waiting for forms to be returned
- Enforce election rules including plan maximums, dependant age limits, EOI Management and Qualifying Events during the enrollment process using rules-based logic
- Take advantage of bi-directional integration of employee demographics, elections and deductions
- Insert benefit plan summary documentation
- Provide employee confirmation statements
- Access readily available data files and reports
