Out of an abundance of caution, and in accordance with the most recent guidelines and best practices recommended by both the CDC and West Virginia Department of Health and Human Resources regarding COVID-19, this action will reduce exposure to both customers and employees. Many of the most requested DMV transactions can be performed online or mailed in and do not require a trip to a regional office. DMV Headquarters in Charleston will remain in operation with a smaller staff to continue all online and mail-in business transactions while maintaining social distance internally for employee safety.</p> <p>The DMV is also extending the expiration date of any driver's license, instructional permit, or vehicle registration with an expiration date in March or April of 2020 for three months from the date of expiration on the face of the document. However, DMV will continue to renew any of these items online or through the U.S. Mail as they come in</p>	Open even under shelter-in-place	N
