Connecticut	Repair Only (Service/Parts)	<p>Governor Lamont issued Executive Order No. 7H which orders a 100% workforce reduction between March 23, 2020 at 8:00 p.m. through April 22, 2020. Not later than 8 p.m. on March 22, 2020, the Department of Economic and Community Development ("DECD") shall issue lawfully binding guidance about which businesses are essential. Those business shall include, but not be limited to, the 16 critical infrastructure sectors as defined by the Department of Homeland Security. The executive order does not reference auto dealers or repair functions but the DHS guidance includes in the "Transportation and Logistics" sector all "automotive repair and maintenance facilities". The Connecticut Automotive Retailers Association (CARA) has indicated that service and repair departments are essential and showroom/sales department may NOT be open to the public for sales. However, remote sales are being allowed during this period. Dealers can have the essential sales and support staff at the store to handle these remote business procedures (e.g. - DMV/title clerks and F&I and office staff for documentation and registration processes). Support staff for service could include those who can also perform sales support.</p>	<p><u>Executive Order No. 7H</u> https://portal.ct.gov/-/media/Office-of-the-Governor/Executive-Orders/Lamont-Executive-Orders/Executive-Order-No-7H.pdf https://www.cisa.gov/publication/guidance-essential-critical-infrastructure-workforce (incorporated by reference)</p>
Delaware	Repair Only (Service/Parts)	<p>Governor John Carney issued the fourth modification to his State of Emergency declaration, closing all non-essential businesses in Delaware to help fight the spread of COVID-19. The orders go into effect at 8:00 a.m. on Tuesday, March 24, 2020. They will remain in effect until May 15 or until the public health threat is eliminated. Essential businesses that are entitled to continue operation are defined to include "[a]utomotive repair and maintenance facilities" (section 6.f.7.) and "[a]utomobile and bicycle repair facilities or those engaged in the sale or distribution of equipment or parts necessary for the repair of automobiles and bicycles" (section 6.q.4.). Employees who repair and maintain vehicles are deemed essential (section 6.f.9.). Kentucky	Repair Only (Service/Parts)	Kentucky Gov. Andy Beshear on Sunday ordered nonessential retail businesses to close in response to the coronavirus pandemic effective 8pm on Monday, March 23, 2020. Executive Order 2020-246 provides for a state of emergency and an attachment thereto provides a "List of Life-Sustaining Retail" businesses that may remain open during the state of emergency. Per this list, motor vehicle dealers "may provide repair, parts and service, but showrooms must close". Louisiana	Open Even Under Shelter-In-Place	Governor John Bel Edwards issued Executive Department Proclamation No. 33 JBE 2020, Section 4 enumerates a list of "nonessential businesses" that shall be closed to the public pursuant to Proclamation No. 30 JBE 2020 effective at 5pm on Monday, March 23, 2020. Exempted from this requirement under Section 3 are any essential businesses identified in guidance provided by the Department of Homeland Security, Cybersecurity and Infrastructure Security Agency (CISA), which includes "[e]mployees who repair and maintain vehicles" and would therefore include dealers' service and parts departments. Section 5 exempts all other businesses so long as operations continue with minimum contact with members of the public and essential employees, while requiring proper social distancing, with a 10-person limitation on gathering size. Guidance from the Louisiana Automobile Dealers Association (LADA) provides that during the Governor's press conference, he was specifically asked about vehicle service and in his answer, he referenced automotive repair shops, including those attached to or part of dealerships as being businesses that will remain open. Vehicle sales departments can remain open under the restricted category of businesses that are "non-essential" but not closed, as set out in Section 5 of the Proclamation. An exemption is provided in section 5 for businesses that employ "critical infrastructure workers"; critical infrastructure workers are those workers described by the Director of the U.S. Cybersecurity and Infrastructure Security Agency in his guidance of March 19, 2020 on the COVID-19 response. Section 8.f. references the transportation and logistics sector. DHS CISA guidance defines such services within the transportation and logistics sector to include "[e]mployees who repair and maintain vehicles" and would therefore include dealers' service and parts departments. New York	Repair Only (Service/Parts)	With the exemption of essential services, businesses that rely on in-office personnel have been directed to decrease their workforce by 50% as of 8pm on March 20, 2020 (Executive Order 202.6), 75% as of 8pm on March 21, 2020 (Executive Order 202.7), and 100% by 8pm on March 22, 2020 (i.e., shelter in place) (Executive Order 202.8, signed but not published) to help contain the spread of COVID-19. The Empire State Development Corporation issued guidance as to which businesses are determined to be essential, and sections 5 and 11 designate "auto repair" or "automotive repair" as essential services.
