

# SHATTER

**SIRA**  
NATURALS

**Ethanol Hash Oil**

## PHOTO

## ABOUT ME

**Indica or Indica Dominant Hybrid**

**Hybrid**

**Sativa or Sativa Dominant Hybrid**

**Extraction Process:** Ethanol

**Consistency:** Shatter

## TASTE/SCENT

**WILL VARY BASED ON VARIETY**

## DESCRIPTION

Our shatter is created through a proprietary ethanol extraction process. Quick washed at sub-zero temperatures, the ethanol extracts all of the cannabinoids from our premium cannabis flower. It is then distilled and purged to yield a highly potent and enjoyable cannabis extract. Depending on the strain and its THC/CBD, consistencies include brittle shatter or a more sappy concentrate (high CBD).

## USAGE & STORAGE INFORMATION

### Storage & Usage

A dry cool place, like the refrigerator. Keeping them cool will make them easier to handle and help preserve terpenes

### Dabbing/Wax Pen

Use your favorite dab rig or electronic rig to heat the material to consume. Also can be used in any wax pen with a kiln/coil.

### Top a bowl or add to joint

Apply a little bit to the top of a bowl or inside of a joint to boost flavor and potency.

### Cooking

You can add this concentrate to your favorite recipe, make sure to thoroughly mix though so it is homogeneously spread throughout.

### Packaging

Sira branded packaging. Parchment paper inside of pop-top jar.
