GRAPE EARTHY BERRY SWEET

DESCRIPTION

Purple Punch is the sweet and sedating union of two indica-dominant classics. By breeding Larry OG with Granddaddy Purple, the astonishing trichome laden Purple Punch was born. Purple Punch's flavor consists of notes of grape candy, blueberry muffins, and tart. This classic indica packs powerful cerebral and physical effects marked by sedation, relaxation and creativity.

PARENT #1: LARRY OG

Hybrid

Breeder: The Cali Connection

Lineage: OG Kush x SFV OG

Larry OG, also called Lemon Larry, is yet another member of the famous ocean-grown family. Originally created in Orange County, this indica is a cross between OG Kush and SFV OG. Larry OG produces a potent yet easy body buzz that will allow you to relax while getting things done. The effects are happy but not overwhelming. Like other members of the OG family, this strain has a very clean and piney aroma.

PARENT #2: GRAND DADDY PURPLE

Indica

Breeder: Ken Estes

Lineage: Purple Urkle x Big Bud

Introduced in 2003 by Ken Estes, Granddaddy Purple (or GDP) is a famous indica cross between Purple Urkle and Big Bud. This California staple inherits a complex grape and berry aroma from its Purple Urkle parent, while Big Bud passes on its oversized, compact bud structure. GDP flowers bloom in shades of deep purple, a contrastive backdrop for its snow-like dusting of white crystal resin.
