TASTE/SCENT

SWEET PINEAPPLE CITRUS TROPICAL

DESCRIPTION

Strain/Breeder: Pineapple Mimosa, bred locally by Herban Cannabis Co./Boston Farmers, is a hybrid strain made from a cross between Pineapple Chunk and famed west-coast cultivar Mimosa.

Flavor Profile: This strains possess a sweet initial flavor that is amplified with scrumptious notes of pineapple, clementine and other tropical fruits, complimented by a hint of earthiness.

Patient Experience: Pineapple Mimosa provides a pleasurable, uplifting experience, marked with focus and ample body relaxation.

PARENT #1: Pineapple Chunk

Indica-Dominant Hybrid

Breeder: Barney's Farm

Lineage: Cheese x Pineapple

The essence and flavor of Pineapple Chunk is immediately obvious. Its aroma of earthy Cheese/Skunk is backed up by a secondary scent of Pineapple. The taste is delicious and unique. Earthy flavours are underpinned by a strong tasty Pineapple aftershock.

PARENT #2: Mimosa

Sativa-Dominant Hybrid

Breeder: Symbiotic Genetics

Lineage: Clementine x Purple Punch F2

Mimosa by Symbiotic Genetics is a rising star in the cannabis community. This strain has garnered praise for its outstanding fruit punch and citrus rind aroma. Mimosa is a cross of Clementine and Purple Punch, and has been known to contain respectable percentages of the terpenes limonene and beta-caryophyllene
