Vaporizers & attachments

<p>Kandypens Prism</p> <ul style="list-style-type: none"> • KandyPens Prism is a compact but mighty sub-ohm solid concentrate pen that merges portability, functionality, ease of use and quality in one sleek, pocket-friendly device. • Features two premium atomizers that deliver smooth, powerful pulls in seconds. • Handmade using premium materials, features a medical-grade stainless steel build that's lightweight. • Engineered for optimal flavor extraction, the Prism features four preset temperatures. • Boasting two high-grade glass mouthpieces with splash guards, the Prism vape delivers flavorful vapor. 		<p>\$100.00</p>
<p>K-Stick Supreme</p> <ul style="list-style-type: none"> • Featuring a high-grade metal finish, premium atomizer, ergonomic mouthpiece, and variable voltage battery. • The K-Stick Supreme is a compact vape pen that is sleek and portable. • Designed for maximum flavor extraction. • The K-Stick Supreme boasts a 100% pure quartz rod atomizer wrapped in titanium coils inside a quartz chamber. • Powered by a 280mAh battery, the K-Stick Supreme features three preset voltages: Low, Medium, and High. Pocket-friendly and powerful. • The KandyPens K-Stick Supreme delivers smooth, flavor-rich vapor production on-the-go. 		<p>\$35.00</p>
<p>Pax 3</p> <ul style="list-style-type: none"> • The PAX 3 Complete Kit is the most recent addition to the innovative PAX lineup of portable herb vaporizers. • Featuring an upgraded battery, dynamic heating modes, and premium accessories, PAX 3 is smarter, faster, and stronger than its predecessors. • A new polished aluminum exterior offers added style, durability, and grip. The PAX 3 Complete Kit now features a mobile app, half-pack oven lid, and wax concentrate insert, allowing you to fully customize and control your vaping sessions. 		<p>\$250.00</p>
<p>Yocan Evolve Plus</p> <ul style="list-style-type: none"> • The Yocan Evolve Plus is a unique vaporizer, for it boosts a bigger chamber and battery than the evolve-D • Still designed for portability that brings a small size device without leaving out an incredible experience. 		<p>\$50.00</p>
<p>Yocan Evolve-D</p> <ul style="list-style-type: none"> • This vape pen utilizes a unique coil technology called Dual Pancake Coil. • It was designed to ensure an efficient yet even distribution of heat. • With this kind of coil, you are certain to achieve only the best vapor flavor. • With its very compact design, this vaporizer surprisingly comes with a spacious chamber that allows you to enjoy a prolonged vaporization session without having to frequently reload. 		<p>\$35.00</p>
<p>KuLi</p> <ul style="list-style-type: none"> • The original kuLi uses a double ceramic rod atomizer with a full ceramic chamber that creates an intense, but smooth pull that satisfies even the most sophisticated dabbers. • The kuLi is simple to use and inside the kuLi kit is everything you need to start vaping dabs. • There is also a dry herb attachment available if you would like to use with flower. • The discreet handheld kuLi vaporizer will be something that you cherish forever. Bring kuLi along for the ride. 		<p>\$56.47</p>

*All items are priced before tax; state sales tax will be applied to all non- medicated items.

<p>KuLi Rippler</p> <ul style="list-style-type: none"> • Enjoy heightened KuLi performance with the rippler by KuLi. • The rippler is a high-quality glass bubbler atomizer attachment for the KuLi that allows for a smoother delivery by filtering the vapor through percolating water for a better vaping experience. • Equipped with non-spill technology so you don't have to worry about turning it upside down, and unlike other glass bubbler attachments out there, it has a carb so you can get a stronger pull. • You can try it with a dry herb attachment or a chief adapter. <p style="text-align: center;">*KuLi SOLD SEPERATLEY*</p>		<p style="text-align: center;">\$37.65</p>
<p>KuLi Concentrate Koil</p> <ul style="list-style-type: none"> • This is the original dual ceramic rod, ceramic chamber atomizer. • The ceramic rods are wrapped in titanium coils which gives you a strong, smooth pull. • The kuLi koil is designed to vape concentrates, the result is a great taste that packs a punch and durability you can count on. • This atomizer is compatible with the original kuLi vaporizer kits, travel kuLi kit, and kuLirado. 		<p style="text-align: center;">\$13.18</p>
<p>KuLi Dry Herb Koil</p> <ul style="list-style-type: none"> • If dry herbs are more your speed, slide one of these in your kuLi. • This is made specifically for dry ground herb. It has a pancake coil and extra-large ceramic chamber. • The Dry koil also has a screw on filter that keeps herbs from falling out, but be careful the filter does get hot! 		<p style="text-align: center;">\$13.18</p>

Pipes & Water Pipes

<p>Glassy Quartz Pipe (Available in Clear & Rose Quartz)</p> <ul style="list-style-type: none"> • This chunky slab of rose quartz is the pipe we've been dreaming of. • A blunt object that's unapologetically unique, it looks as good as it pulls. • Made of raw stone, each pipe varies slightly in color, shape, and texture. 		<p style="text-align: center;">\$54.00</p>
<p>Glassy Honey Bear Bubbler</p> <ul style="list-style-type: none"> • This sweet bubbler is cast from a recycled honey bear bottle and candy-coated with a soft matte turquoise glaze. • The bowl and lip are finished with 22k gold, for that lil' extra sweetness. • Your piece is unique! Each pipe is hand-made and may have slight variations in color and shaping. 		<p style="text-align: center;">\$160.00</p>
<p>Grav mini Hammer Bubbler</p> <ul style="list-style-type: none"> • The small GRAV Hammer Bubbler is 3" tall and made on 25mm tubing. • Its fission down stem diffuses smoke through water, and its feet stabilize the bubbler between uses. • No accessories are necessary for using this bubbler, and it functions best with approximately 0.5" of water. 		<p style="text-align: center;">\$38.00</p>

*All items are priced before tax; state sales tax will be applied to all non- medicated items.

<p>Grav Mini Spoon (Available in Lavender, Blue, Grey, Pink, Mint Green, White, and Black)</p> <ul style="list-style-type: none"> • Nothing says on the go like a pipe you can wear around your neck. • The GRAV Mini Spoon has a donut mouthpiece that can be threaded with a string or chain. • This donut also catches ash and cools smoke. It doesn't get more portable or discreet than the Mini Spoon, but this piece still holds more flower than most one hitters and chillums. 		<p>\$14.00</p>
<p>Grav Vapor Straw and Dish</p> <ul style="list-style-type: none"> • It's hard to find a simpler way to smoke concentrate than the GRAV Vapor Straw & Dish. • This item includes a thick glass dish where you can place your concentrate during use. • Then all you have to do is heat the tapered end of the Straw with a lighter (don't use a torch because the high heat can seal the straw), and put the heated tip into your concentrate while inhaling through the other end of the straw. • This piece is designed with a tapered tip and a pinch restriction so that it's safe for vapor consumption, as well as a marble roll stop to keep the Straw in place when you put it down. 		<p>\$14.00</p>
<p>Grav Glass Blunt (Available in Pink, Purple, Teal, Blue, and Black)</p> <ul style="list-style-type: none"> • The new silicone connection will never lose its fit and makes the blunt much easier to take apart and clean. • The function is the same intuitive blunt function you know and love. Pull the mouthpiece back to open up the main chamber, pack it with ground herb, smoke it like a blunt, and push the mouthpiece gently back in as you go to ash. • A single glass pinch in the mouthpiece stem prevents herb from entering the mouthpiece. 		<p>\$10.00</p>
<p>Helix Mini Hand Pipe</p> <ul style="list-style-type: none"> • The mini Helix Hand Pipe is 6" long and made on 25mm tubing. • The familiar spoon head is fused to a Venturi chamber mouthpiece, featuring three air intake holes that cool and spin smoke. • Two feet stabilize the piece between uses. • The Helix design both filters smoke and conserves plant matter. No accessories or water are necessary for using this hand pipe. 		<p>\$70.00</p>
<p>Helix Chillum (3 Inch)</p> <ul style="list-style-type: none"> • This little pocket sized Helix is a great little piece. • It has 3 micro-holes that swirl the smoke like a tornado. • This action cools the smoke and makes for a much smoother hit. 		<p>\$24.00</p>

Rigs

<p>Puffco Peak</p> <ul style="list-style-type: none"> • This device unlocks the true power of concentrates, providing the clearest expression of the potency, flavor, and effects of the plant they're derived from. • This means you get the most efficient and enjoyable experience, faster and easier than ever before, with no learning curve. 		<p>\$380.00</p>
<p>Higher Standards Heavy Duty Rig</p> <ul style="list-style-type: none"> • The Higher Standards Heavy Duty Rig is engineered specifically for the water filtration of concentrates. • This durable, medical-grade borosilicate glass rig has been handcrafted for powerful, reliable performance, and features a quartz banger for optimal flavor transfer. With slits on its diffused stem that create fine bubbles for a smooth draw, the Heavy-Duty. • Rig boasts superior airflow and an airtight seal. • Includes: a 14 mm quartz banger, premium silicone concentrate container, small tool, and large tool. 		<p>\$180.00</p>

*All items are priced before tax; state sales tax will be applied to all non- medicated items.

<p>Snoop Dogg Pounds Rocketship</p> <ul style="list-style-type: none"> • POUNDS, the new accessories line by Snoop Dogg, is a collection of hand-blown glass pipes designed for all types of materials. • Aptly named for powerful ships, the units offer distinct styles and various heights, guaranteed to satisfy all smokers. • The Rocketship is a classically designed bong featuring a tapered tube and built in ice catcher for smooth hits. • The Rocketship features a removable diffused down stem, thick base and colored accents. 		<p>\$200.00</p>
<p>Snoop Dogg Pounds Starship</p> <ul style="list-style-type: none"> • POUNDS, the new accessories line by Snoop Dogg, is a collection of hand-blown glass pipes designed for all types of materials. • Aptly named for powerful ships, the units offer distinct styles and various heights, guaranteed to satisfy all smokers. • The Starship is a uniquely designed water pipe with a fixed, diffused down stem. Although the Starship includes a bowl for dry material, the male joint allows for you to easily convert this bad boy to a rigs set up. 		<p>\$100.00</p>
<p>Atlas Mini Rig</p> <ul style="list-style-type: none"> • This compact, “double ball” shape doesn’t just look smooth. • With the Atlas by MJ Arsenal, its form follows the function. That ball, while eye-catching, will be hard at work keeping water where it should be - in close contact with those hot vapors and definitely not in your mouth. • Utilizing our 360 degree connected, low-lying, honeycomb style percolator you can expect the best function in the smallest of packages. • With Atlas’ compact shape, gorgeous lines, and spill-resistant design, you might just want to take it out and show it off. 		<p>\$50.00</p>

Batteries

<p>Pax Era</p> <ul style="list-style-type: none"> • Era provides superior control over temperature ranges and combines with dual wick and leak-resistant pods to deliver the most flavorful and consistently satisfying taste yet. • The Pax Era features conduction style technology to heat up the preloaded concentrates. This allows the user a full, thick vapor experience • Compatible with Pax era pods only 		<p>\$30.00</p>
<p>Kandypens 350 mAH</p> <ul style="list-style-type: none"> • KandyPens answered the call for more power in your pocket with one of the only 350mAh 510 thread vape batteries out there. • Ultra-compact, the KandyPens 350mAh battery offers longer battery life for on-the-go use that keeps on going. • Variable voltage lets you feel how you want with a few clicks of a button. 		<p>\$35.00</p>
<p>Palm</p> <ul style="list-style-type: none"> • Enjoy a powerful and revolutionary vaporizer experience when you pair your favorite cartridge with one of these handy CCell Palm batteries! • Made with an aluminum alloy housing, these batteries give you ample usage per charge and are extremely compact despite their power. • These compact batteries are easy to use and turn on upon inhale, making these innovative batteries user-friendly and versatile! 		<p>\$20.00</p>

*All items are priced before tax; state sales tax will be applied to all non- medicated items.

<p>VV Twist</p> <ul style="list-style-type: none"> • This is a 510 thread 400mAh vaping battery with variable voltage and a convenient preheating function. • The battery uses a convenient twist feature at the bottom to adjust the voltage between 2.0V and 4.0V. • You can activate the preheating feature by pressing the button 2 times. • You can also lock and unlock the battery button by clicking the button 5 times within 2 seconds. • The battery includes a screw on USB charger. 		<p>\$10.00 Charger +\$2.00</p>
<p>280mAH Battery</p> <ul style="list-style-type: none"> • A quality 280mah battery with automatic firing which operates the battery based on airflow (breath controlled). • Features a nub on the end of the battery for operating touch screen devices. • Includes 510 to USB adapter for easy charging. 		<p>\$8.00</p>

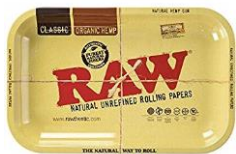

Papers & Wraps

<p>Elements Rice Papers</p> <ul style="list-style-type: none"> • The original Elements papers produce almost ZERO ash except for a small, thin white line because they used unglummed, thin rice papers. • Pure rice papers have no chemicals, no standard pulp and no hemp. Elements designed a paper from pure rice and then pressed it to make it ultra slow burning and incredibly thin. • Just like Elements originals they burn with zero ash, except for the tiny line of residue caused by the Acacia gum turning into caramel as it burns. • These are some of the highest quality rolling papers on the mark. 		<p>Regular \$2.00</p> <p>King \$2.25</p>
<p>Raw</p> <ul style="list-style-type: none"> • RAW Classic are chlorine free and processed in an eco-friendly manner. • The result is a very thin light brown paper that burns extra slow and extra clean. • It uses proprietary crisscross run-preventing watermark. • It is a clean tasting smoke that is best described as natural, light and pure. Smokers can sense the authenticity of RAW and are drawn to its unique natural brown hue. • RAW uses a pure natural organic Acacia gum that is hand-harvested in the Ethiopia/Senegal region from Acacia trees. 		<p>1 ¼ Papers \$3.25</p> <p>Cones \$3.50</p> <p>King Cones \$2.35</p>
<p>Juicy Jays (Available in Blackberry Brandy, Grape, and Strawberry)</p> <ul style="list-style-type: none"> • All Juicy Jays 1 1/4 are tree free, made of Hemp Juicy Jay's rolling papers have more flavor than anything else out there. • The Juicy brand is all about flavor. Genuine Juicy Jay's papers are designed to enhance the natural flavors of your medicine. • What's the secret? A painstakingly slow process that not only flavors the paper but also sweetens it. 		<p>\$2.75</p>
<p>OCB Hemp Papers</p> <ul style="list-style-type: none"> • OCB Organic is the choice for anyone who prefers a 100% natural experience. • Only hemp grown and harvested on organic farms is used in the OCB Organic line of products. • The ultra-thin papers are unbleached and unrefined - you can even see variations in the shade of leaves depending on that year's harvest. • These papers are just as mother nature intended. OCB papers are known for the fact that they always stick. • OCB has always used 100% natural arabic gum that is both vegetarian and GMO-free. In respect of the environment, OCB Rolling Paper booklets are printed with vegetable inks and on recycled cardboard. 		<p>\$2.50</p>

*All items are priced before tax; state sales tax will be applied to all non- medicated items.

<p>High Hemp Hempwraps (Available in No Flavor, Grape, Mango, and Pink Lemonade)</p> <ul style="list-style-type: none"> Free from GMO contamination, these all natural Hemp Wraps are perfect for smoking your top shelf product. A filter tip is included for each wrap 		<p>\$3.00</p>
