In partnership with

On this L&D Consultant / Business Partner Level 5 Apprenticeship programme, learners will develop a deeper understanding of the L&D function and context. They will advance their knowledge of professional practise in L&D and learn how to position business cases and grow digital and blended learning solutions. Alongside the apprenticeship training, the CIPD Level 5 Certificate in L&D will give learners a recognised qualification to position themselves as forward-thinking L&D professionals.

ABOUT ARCH APPRENTICES

- Arch was first developed by the Blenheim Chalcot group to supply digital talent to their fast-growing startups. The programme soon grew and began providing apprentices to external clients - one of the first being Google.
- We have led on the creation and delivery of a number of apprenticeship programmes including the first digital marketing apprenticeship.
- In 2016, Ofsted rated us 'Outstanding' in every area making us one of the top 5.6% of all independent learning providers.
- We're one of the fastest growing providers in the UK and recently won the exclusive rights to deliver finance and HR apprenticeships across Civil Service Learning, and also chosen as approved providers across the public sector for a selection of apprenticeships.

WHAT'S INCLUDED IN THE APPRENTICESHIP?

20% of the apprenticeship must be done away from the apprentices' work to count towards their off-the-job training - this can be a mix of face to face and virtual classrooms, projects, distance learning and meetings with their dedicated Learning and Development Coach.

Qualifications included:

- CIPD Level 5 Certificate in L&D
- L&D Consultant / Business Partner Level 5 Apprenticeship

PRE ENTRY REQUIREMENTS

- Must already have English and Maths GCSEs at Grade C (4) or above and preferably a total of five GCSEs.
