

# The Aceyus Advantage

Strategic Partners & Superior Solutions

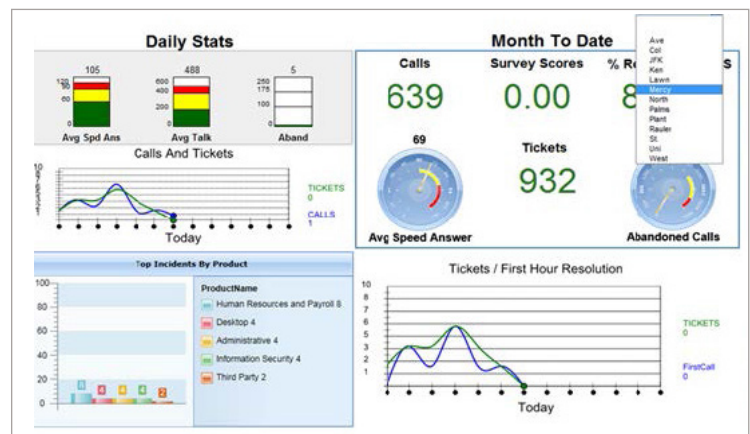

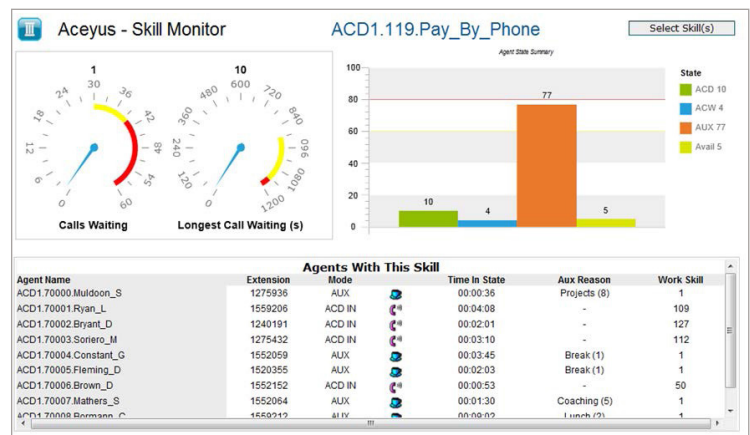

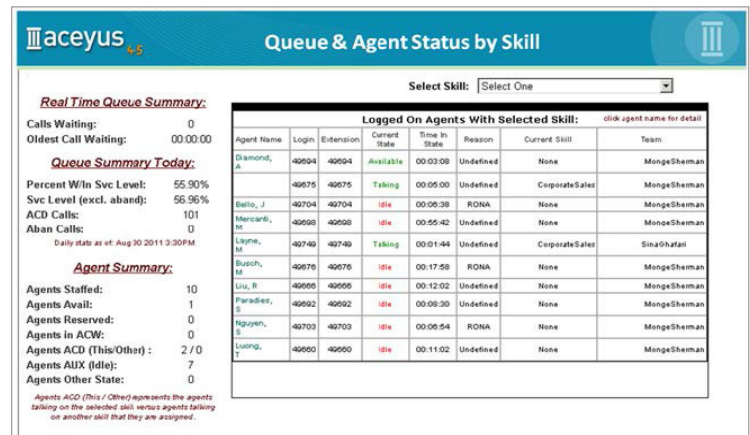

Aceyus is an Avaya Select Product Provider and DevConnect Technology Partner with a proven track record of product excellence.

Together, Aceyus & Avaya have delivered numerous innovative solutions by unifying data from disparate contact center systems within a single reporting platform.

The Aceyus Reporting platform is a robust and flexible contact center solution, certified as interoperable with Avaya Aura platforms through the Avaya DevConnect compliance testing process.

Our reporting can be integrated with various Avaya Contact Center components, including CMS, AACC, AAEP, IC/OA, Breeze Snap-Ins and other Avaya technologies.

The Aceyus Reporting package comes with many standard real-time and historical reports. Report and Dashboard editors make it easy to build and customize reports and dashboards, so users can easily identify and respond to contact center events and trends.

Aceyus delivers innovative contact center solutions that accelerate business breakthroughs and achieve outstanding cost efficiency. Aceyus can help you harness the power of contact center intelligence.
