

## DAY 19 - HOW TO ADD WISESTAMP TO EMAIL

It's no secret that any business email needs to have a proper email signature if it I to have any credibility. An email signature is an equivalent of a regular printed business card, and WiseStamp is perfect for creating one.

Creating your email signature with WiseStamp is super simple.

All you need to do is:

1. Go to Wisestamp.com and sign up for a new account.
2. Fill in the Details you'd like to appear in your signature (name, phone, image etc.)
3. Add Your Social Profiles (optional)
4. Customize your design
5. Click 'O.k, I'm done.' That's it! Your signature is set, and it will be inserted automatically to your emails.
