

Looking for a lawyer?
Make it simple. Reach hundreds
of qualified attorneys with one
single post. All of our attorneys
for your one case.

All for One.

Let qualified attorneys find you

With SimpleLaw, attorneys come to the clients. Simply post a question or initial case information to the SimpleLaw website and all attorneys with active approved profiles can respond. Like what you see? You can select the right attorney for you and get your case quickly started.

Know the real-time status of your case

Clients can easily, securely, and reliably access the status of their case through their private portal. Schedule calls with your attorney, review documentation, provide notes, and manage the budget in real-time, from any connected device.

SimpleLaw saves clients valuable time and money

We know for most people, having an open legal case can be overwhelming. Add to that the uncertainty around time and cost commitment. With SimpleLaw, we minimize the questions so you can focus on the case. Redundant processes are simply and easily removed, saving you time and money.
