

# Silicone Sealant

## TECHNICAL DATA SHEET

### TECHNICAL DATA

<b>PRODUCT NAME</b>	Silicone Sealant
<b>USES</b>	Keeps corrosion-causing contaminants out of your piping system
<b>DESCRIPTION</b>	Used with ProTek Pipe Shoe in combination with stainless steel bands. The one-part silicone sealant has a paste-like consistency and is easy to use, simplifying the ProTek Pipe Shoe installation process.

### FEATURES

- » Simple to use
- » Spreadable consistency
- » Cures at room temperature
- » Excellent electrical insulation properties
- » Excellent environmental and chemical resistance
- » Low temperature flexibility
- » High temperature performance

### PROPERTIES

<b>COMPOSITION</b>	Silicone sealant.
<b>MANUFACTURER SPEC</b>	Momentive IS808
<b>COLOR</b>	Translucent
<b>TACK-FREE TIME</b>	25 minutes
<b>HARDNESS</b>	23 Shore A
<b>TENSILE STRENGTH</b>	300 psi
<b>ELONGATION</b>	450%
<b>SHEAR ADHESION</b>	150 psi
<b>PEEL ADHESION</b>	37 psi
