

CHECK-IN:

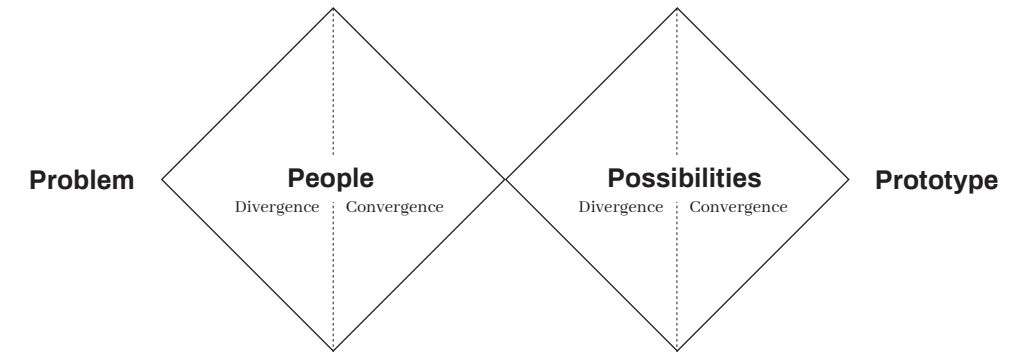

Is this an idea or problem that *needs* design thinking?

Does the problem space warrant this approach?

Is it with a community who desires engagement?

Are you willing and equipped to engage and listen?

Are you empowered to pursue ideas that may emerge?

PROBLEM

My change idea today, as I see it

How do we see the problem space?

How might we...

help _____

become more _____

by using _____

Why would we?

What's stopping us?

PEOPLE

What is the leadership stance I need?

What is the community this idea serves?

How will we listen to this community?

What is the listening stance I need?

After listening, what are the community's needs?

POSSIBILITIES

How are we generating divergent approaches?

What are we noticing in the themes emerging?

What are the bright stars worth pursuing?

PROTOTYPE

What would help us test this approach with our community?
