

NATIONAL SKILLS DAY

BE PART OF IT.

The Inaugural UK FinTech Week National Skills Day on Friday 24th April 2020

We are looking for FinTechs to join us in showcasing FinTech to the next generation of talent.

- Showcase your brand and your product/service.
- Build your employer brand: attract your future interns and employees.
- Network with local universities running FinTech-related courses.
- Be part of UK FinTech's headline skills and talent event.
- Gain local and national media and social media exposure.

On the Friday of UK FinTech Week, Innovate Finance and the FinTech National Network are launching the National Skills Day: a series of marketplace events to introduce school, further and higher education students and career-changers to the exciting possibilities of FinTech.

HOW TO BE PART OF NATIONAL SKILLS DAY

What we would like from you:

- Showcase your company and join us in highlighting local FinTech opportunities from FinTechs, banks, consultancies, as well as universities.
- Engage local media and your networks to ensure coverage of the event.

Innovate Finance will provide:

- A dedicated microsite with all of the key information, for both exhibitors and attendees, complete with event registration.
- A full suite of marketing collateral to help you engage local partners and media.
