Target Training International, Ltd., the leader in product development and research in the area of behavior and values as well as the creator of the first fully validated computerized behavioral assessments, has awarded Ron McNutt the credentials of **Certified Professional Behavioral Analyst** (CPBA). This award signifies that Mr. McNutt has achieved the highest level of professional excellence in the use of the DISC Instrument with TTI.

To receive this award, Mr. McNutt demonstrated proven application experience and passed an intensive three-hour examination on analysis and interpretation of the DISC assessment reports.
