Dear Shareholder

Proposed Placing to raise £4.8 million and Notice of General Meeting

1. INTRODUCTION

The Company announced on 7 April 2016 a proposed placing of 19,230,000 new Ordinary Shares at 25 pence per Placing Share to raise approximately £4.8 million (approximately £4.5 million net of expenses) in order to strengthen its balance sheet.

Consequently, a General Meeting has been called to approve the issue of the Placing Shares.

Shareholders should note that the Placing is subject to certain conditions, as set out in paragraph 4 below, including Shareholders' approval of the Resolutions which are being proposed at the General Meeting. If the Resolutions are not passed by the requisite majority, the Placing will not proceed.

Accordingly, you will find set out at the end of this document a notice convening a general meeting of the Company to be held at the registered office of the Company at St. Andrew's House, 90 St. Andrew's Road, Chesterton, Cambridge, Cambridgeshire CB4 1DL at 2.00 pm on 25 April 2016.

The purpose of this letter is to provide further information on the Placing, including the intended use of the proceeds of the Placing, and to explain why the Board considers the Placing to be in the best interests of the Company and Shareholders as a whole.

2. BACKGROUND TO AND REASONS FOR THE PLACING

As set out in the Company's 2015 preliminary results announcement released on 7 April 2016, 2015 proved to be a disappointing year for the business as it was hit by weaker than expected demand which coincided with the expense of investment to grow the organisation and expand its geographical reach. In response, the Board took the decision during 2015 to undertake a strategic restructuring of the Company's business. That restructuring is now largely complete and the business has been restructured into two divisions, RTLS and Geospatial. In addition, an increased emphasis has been placed on sales leadership and pipeline conversion. The annualised controllable cost base (which excludes costs directly linked to revenues) has been reduced by approximately £5.8 million from its peak to approximately £21.7 million. The Company's next generation products have been developed and tested in anticipation of future sales and its geographic focus has been concentrated on its priority markets of North America, Europe and Japan.

The Company's opening order book at 1 January 2016 was £9.6 million of which £6.8 million represents recurring revenue. Trading for the first quarter of 2016 was slightly ahead of the

corresponding period in 2015. The Company announced on 17 March 2016 three new contracts in North America for its Geospatial division, valued at a combined \$2.9 million (£2.0 million), with Tier 1 broadband communications and entertainment providers and one of the largest power companies in the United States. Since that announcement the Company has signed another significant contract renewal with a value of £1.6 million to be recognised over a three year period.

Notwithstanding these developments, the Company is in a position where the Board believes it is necessary to strengthen the Company's balance sheet in order to provide the stability required to further develop the business. The Company had a net debt position of approximately £2.4 million at 31 March 2016 (£0.2 million at 31 December 2016) following the impact of restructuring costs of approximately £0.8 million, trading losses incurred in the first quarter of the current financial year and working capital outflows. This net debt position of £2.4 million comprised £2.1 million of cash and a £4.5 million loan provided by HSBC Bank plc ("HSBC"). The Company repaid its £1.2 million facility with Mizuho during March 2016.

As announced on 12 November 2015, the Board has been in regular dialogue with its principal lender, HSBC, which has continued to be supportive of the Company. HSBC has confirmed that it has waived its right to take action in relation to certain notified covenant defaults that existed at 31 December 2015 and 31 March 2016. The Company has discussed its funding position with HSBC at length and has agreed to use reasonable endeavours to finalise a revised loan facility with HSBC by 31 May 2016. The Directors intend to ensure that the new covenant package in the revised loan facility is more appropriate for the Company's current circumstances. In this context, the principles of a loan repayment schedule have been agreed with HSBC with £0.5 million to be repaid on receipt of the proceeds of the Placing, a further £0.75 million scheduled to be repaid on 31 December 2016 and further repayments of £0.75 million annually on 31 December thereafter.

In the event that shareholder approval for the Placing is not achieved at the general meeting, it is likely that the Company and its subsidiaries (the "Group") will continue to be in covenant breach on its debt facility at the subsequent quarterly covenant test date and would therefore remain reliant on the continuing support of its lending bank. Furthermore, it would be unlikely that the new loan facility and repayment schedule described above could be agreed. The Company would also be in a position whereby the limited headroom under its existing facilities would likely impose severe constraints over the Group's operations in the short and medium term.

The Board therefore believes that the Placing is necessary to strengthen the balance sheet and allow the Company to repay a portion of its loan with HSBC and provide working capital headroom required to stabilise and grow the business.

Following the completion of the Placing, the Group intends to review its long-term incentive arrangements in order to ensure that the Group is able to recruit and retain appropriate talent in key management roles. The Board intends to consult with certain of its major shareholders ahead of proposing any new incentive plan at the Annual General Meeting to be convened for June 2016.

3. USE OF THE PROCEEDS FROM THE PLACING

The Company intends to raise gross proceeds of £4.8 million pursuant to the Placing, equivalent to approximately £4.5 million net of expenses, which will be used to repay a portion of existing working capital facilities and strengthen the Company's financial position as outlined above.

4. DETAILS OF THE PLACING AND THE PLACING AGREEMENT

The Placing

The Placing Shares will represent approximately 34.4 per cent. of the Enlarged Share Capital following Admission assuming there is no exercise of any options.

It is expected that Placing Shares to be held in uncertificated form will be delivered in CREST on 26 April 2016 and that share certificates for Placing Shares to be held in certificated form will be despatched by first class post by as soon as practicable after 26 April 2016.

Application will be made to the London Stock Exchange for the Placing Shares to be admitted to trading on AIM and it is anticipated that trading in the Placing Shares will commence on AIM at 8.00 am on 26 April 2016.

The Placing Shares will, when issued and fully paid, rank in full for any dividend or other distribution declared, made or paid after Admission and otherwise equally in all respects with the Existing Ordinary Shares.

The Placing is conditional, amongst other things, upon:

- (i) the Resolutions to be proposed at the General Meeting being passed without amendment;
- (ii) the Placing Agreement becoming unconditional in all respects (save for Admission) and it not having been terminated; and
- (iii) admission of the Placing Shares to trading on AIM becoming effective by not later than 8.00 am on 26 April 2016 (or such later time and date as the Company and Numis may agree, not being later than 8.30 am on 12 May 2016).

Related Party Transactions

Kestrel Partners LLP (“**Kestrel**”) is a related party of the Company as defined by the AIM Rules for Companies by virtue of its status as a substantial shareholder. Kestrel has agreed to subscribe for 6,840,000 Placing Shares as part of the Placing, conditional on Admission.

In addition, Columbia Threadneedle Investments (“**Columbia Threadneedle**”) is a related party of the Company as defined by the AIM Rules for Companies by virtue of its status as a substantial shareholder. Columbia Threadneedle has agreed to subscribe for 4,998,000 Placing Shares as part of the Placing, conditional on Admission.

Taking into account the related party transactions noted above, the Directors consider, having consulted with the Company’s nominated adviser, Numis, that the terms of the Placing are fair and reasonable insofar as the Company’s shareholders are concerned.

Details of the participation in the Placing by certain directors, who also constitute related parties, are set out below.

Participation of the Directors

Certain of the Directors, together with Tim Gingell, interim Chief Financial Officer, have, conditional on Admission, participated in the Placing by subscribing for an aggregate of 2,200,000 shares as set out below:

	Number of ordinary shares in the Placing	Number of ordinary shares to be held on admission	Percentage of enlarged share capital
Robert Sansom	2,000,000	4,985,899	8.9%
Peter Harverson	80,000	145,161	0.3%
Paul Taylor	80,000	113,334	0.2%
Tim Gingell	40,000	40,000	0.1%

The subscriptions by Robert Sansom, Peter Harverson and Paul Taylor are a related party transaction under the AIM Rules for Companies and accordingly the independent directors, being Ian Kershaw and Richard Green, confirm that, having consulted with the Company’s nominated adviser, Numis, the terms of the Placing are fair and reasonable insofar as the Company’s shareholders are concerned.

The Placing Agreement

Pursuant to the terms of the Placing Agreement, Numis as agent for the Company, has agreed conditionally to use its reasonable endeavours to procure Places for the Placing Shares at the Placing Price.

The Placing Agreement contains warranties from the Company in favour of Numis in relation to, amongst other things, the accuracy of the information contained in the documents relating to the Placing and certain other matters relating to the Group and its business. In addition, the Company has agreed to indemnify Numis in relation to certain liabilities that it may incur in respect of the Placing.

The obligations of Numis under the Placing Agreement in respect of the Placing are conditional upon, amongst other things: (i) Admission becoming effective on or before 8.00 a.m. on 26 April 2016 (or such later date as the Company and Numis may agree, but not later than 8.30 am on 12 May 2016); (ii) there being prior to Admission no material breach of the warranties given to Numis; and (iii) Shareholders passing the Resolutions at the General Meeting.

Numis may terminate the Placing Agreement in specified circumstances (including for breach of warranty at any time prior to Admission, if such breach is reasonably considered by Numis to be material in the context of the Placing) and in the event of a *force majeure* event occurring at any time prior to Admission. If the conditions of the Placing Agreement which apply to the Placing as a whole are not fulfilled on or before the relevant date in the Placing Agreement, subscription monies will be returned to Placees without interest as soon as possible thereafter.

In consideration for the services to be provided to the Company by Numis in connection with Admission and the Placing, the Company has agreed to pay Numis certain fees and commissions and certain other costs and expenses incidental to Admission and/or the Placing.

5. GENERAL MEETING

The Notice convening the General Meeting of the Company, to be held at the registered office of the Company at St. Andrew's House, 90 St. Andrew's Road, Chesterton, Cambridge, Cambridgeshire CB4 1DL at 2.00 pm on 25 April 2016 is set out at the end of this document. The business to be considered at the General Meeting is set out in the notice together with the explanatory notes to each resolution below.

At the general meeting of the Company held on 29 May 2015, Shareholders passed resolutions in order to, amongst other things, grant the Directors authority to allot equity securities up to a maximum nominal value of £50,125. This authority is insufficient to allow the placing of the Placing Shares to proceed without further shareholder approval. Accordingly, at the General Meeting, the following Resolutions will be proposed:

Resolution 1 – Authority to allot Ordinary Shares for the Placing

The Directors require the authority of Shareholders in order to allot the Placing Shares. Resolution 1 in the Notice provides such authority by granting the Directors authority to allot Ordinary Shares up to a maximum nominal amount of £384,600 (representing, as at 7 April 2016 (being the latest practicable date before the publication of this document), approximately 52.5 per cent. of the Existing Ordinary Shares) being 19,230,000 Ordinary Shares in number.

Resolution 1 is being proposed as an ordinary resolution and will therefore require more than 50 per cent. of the votes cast, whether in person or by proxy, to be in favour of the resolution. This authority, if granted, will be in addition to any existing authorities to allot Ordinary Shares granted to the Directors prior to the date of this document, and will enable the Directors to effect the Placing. This authority can only be used for the purpose of the Placing and will expire on the date of the next Annual General Meeting of the Company.

Resolution 2 – Disapplication of pre-emption rights for the Placing

Section 561 of the Companies Act requires that, on an allotment of “equity securities” for cash, such equity securities must first be offered to existing Shareholders in proportion to the number of Ordinary Shares they each hold at that time. This is known as a shareholder’s pre-emption right. The Placing Shares are “equity securities” for these purposes. Accordingly, the Placing Shares cannot be allotted for cash on a non pre-emptive basis unless Shareholders have first waived their pre-emption rights. Resolution 2, if passed, provides such a waiver. If Resolution 2 is passed, the Directors will be able to allot the Placing Shares, on a non pre-emptive basis, to the extent of the authority granted by Resolution 1. The authority to allot the Placing Shares for cash on a non pre-emptive basis in respect

of the Placing can only be used for the purpose of the Placing and will, if granted, expire on the date of the next Annual General Meeting of the Company.

Resolution 2 is being proposed as a special resolution and will therefore require not less than 75 per cent. of the votes cast, whether in person or by proxy, to be in favour of the resolution.

If Resolutions 1 and 2 are passed by Shareholders at the General Meeting but the Placing does not complete, the Company undertakes not to use the authorities granted by Resolutions 1 and 2.

6. ACTION TO BE TAKEN

A Form of Proxy for use at the General Meeting is enclosed.

Whether or not you intend to attend the General Meeting, it is important that you complete and sign the enclosed Form of Proxy in accordance with the instructions printed thereon and return it to the Registrars at the address set out on page 5 of this document as soon as possible and in any event so as to be received by no later than 2.00 pm on 23 April 2016. Alternatively, a proxy may be appointed electronically by following the instructions in note 5 to the Notice of General Meeting. Completion and return of the Form of Proxy or the electronic appointment of a proxy will not preclude you from attending and voting at the meeting, should you wish to do so.

7. ADDITIONAL INFORMATION

Your attention is drawn to the Risk Factors set out on pages 13 to 15 of this document.

8. IMPORTANCE OF THE SHAREHOLDER VOTE

As described in further detail above, the Board believes that the Group will operate under severe funding constraints if the Placing does not proceed. The Group is in covenant breach on its principal debt facilities and has received from its lending bank a waiver, conditional on announcing an equity raise and pursuant to which the Company has undertaken to use its reasonable endeavours to agree a new loan facility with HSBC by 31 May 2016 containing new covenant conditions and a repayment profile of £0.75 million annually on 31 December, in addition to repaying £0.5 million of the loan facility within 24 hours of receiving the net proceeds. Consequently, if the Resolutions are not passed and the Placing does not proceed, the Group will likely breach its covenants at future quarterly testing dates, will continue to be reliant on the ongoing support of its lending bank and may need to seek alternative sources of financing which may not be available and (to the extent available) may be on terms less favourable to the Company.

9. RECOMMENDATION

The Directors believe that completion of the Placing and the approval of the Resolutions are in the best interests of the Company and Shareholders as a whole. **Accordingly, the Directors unanimously recommend that you vote in favour of the Resolutions at the General Meeting, as they intend to do in respect of their own beneficial holdings of Ordinary Shares amounting to, in aggregate, 4,930,856 Ordinary Shares, representing approximately 13.5 per cent. of the Existing Ordinary Shares.**

Yours sincerely

Peter Harverson
Chairman

RISK FACTORS

An investment in Ordinary Shares involves a high degree of risk. Accordingly, prospective investors should carefully consider the specific risks set out below in addition to all of the other information set out in this document before investing in Ordinary Shares.

The Directors believe the following risks to be among the most significant risks for potential investors. However, the risks listed do not necessarily comprise all those associated with an investment in the Company and are not set out in any particular order of priority. Additional risks and uncertainties not currently known to the Directors or which the Directors currently deem immaterial may also have an adverse effect on the Group and the information set out below does not purport to be an exhaustive summary of the risks affecting the Group. In particular, the Company's performance may be affected by changes in market or economic conditions and in legal, regulatory and tax requirements.

If any of the following risks were to materialise, the Company's business, financial condition, results or future operations could be materially adversely affected. In such cases, the market price of the Company's shares could decline and an investor may lose part or all of his or her investment.

TECHNOLOGICAL RISKS

The Group operates in an industry where competitive advantage is heavily dependent on technology. It is possible that technological development may reduce the importance of the Group's function in the market or render the patents on which it relies redundant. For instance, the Group's enterprise location systems rely on ultra-wideband radio signals to operate. There is no guarantee that technological advances will not render systems based on ultra-wideband radio obsolete.

STAFF RECRUITMENT AND RETENTION

The contribution made by Ubisense's highly skilled and experienced staff is vital to the Group's success. Any inability to recruit and/or retain staff to fill key management roles would likely adversely impact the Group's future development and financial performance.

RELIANCE ON THIRD PARTIES, INCLUDING MANUFACTURERS

The Group relies on certain key third party equipment manufacturers in the completion of its products, and therefore does not always have complete control over the supply of the equipment and materials it requires to comply with its obligations under customer contracts. To the extent that the Group cannot acquire equipment or materials according to its plans and budgets, its ability to complete its work for its customers within the timetable laid down by the contract or at a profit may be impaired. If a manufacturer is unable to deliver the products for any reason, the Group may be required to purchase such equipment or materials from another source at a higher price. The resulting additional costs may be substantial and the Group may be in breach of its contracts with customers, which may result in a financial loss on a particular contract or a loss of business. In addition, any resulting failure to fulfil contracts with customers and other business partners may have an adverse effect on the Group's future profitability and reputation.

DEPENDENCE ON KEY CUSTOMERS

The Group has a concentrated customer base, many of which are substantially larger enterprises than the Group. As such, the purchasing power of the Group's customers is often significant, which may impact the ability of the Group to negotiate terms which are favourable to it in contracts. The Group is reliant on significant projects with its key customers to deliver its projected financial results. Changes to the timing and/or terms of significant projects, to the investment decisions of key customers or failure by the Group to retain key customers may have a significant adverse effect on the Group's business and financial results. The loss of a major customer would likely result in a decrease in Group revenues, margins and profitability.

CONTRACTS

Some of the Group's commercial contracts include terms where revenues and/or invoicing are related to customer acceptance. Other contracts contain terms whereby the timing of cash collections is contingent on the customer re-selling the Group's products to end users.

CREDIT

The main credit risk is attributable to trade receivables owed by customers. As the majority of the Group's customers are very large, blue chip utilities, telecoms and manufacturing companies, the risk of non-payment tends to be less of a traditional credit nature and more related to customer satisfaction.

Credit exposure by customer is reviewed regularly by the executive management team and the main Board with provision made for doubtful receivables when there are circumstances which, based on experience, are evidence of a likely reduction in the recoverability of the receivable.

FINANCIAL PROFILE

The Group has suffered from declining revenues and increased losses and resultant cash burn during 2015, which the Group did not anticipate. Although the Board has taken actions to address the controllable cost base in order to prevent this from reoccurring, a failure to arrest the decline in revenues and/or to control costs could give rise to the Group needing to raise further equity finance in the future.

BANK COVENANTS

The Group is required to meet certain financial criteria agreed as covenants for its bank. The financial measures are regularly reviewed against covenant requirements to ensure the Group's obligations can be met.

The Group notified its bank, HSBC Bank plc, of a breach of certain covenants as at 31 December 2015 and 31 March 2016, against which HSBC has provided a waiver, conditional on announcing an equity raise and pursuant to which the Company has undertaken to use its reasonable endeavours to agree a new loan facility with HSBC by 31 May 2016 containing new covenant conditions and a repayment profile of £0.75 million annually on 31 December, in addition to repaying £0.5 million of the loan facility within 24 hours of receiving the net proceeds of the Placing.

If the Group is unable to agree such a new loan facility, there is a risk that it would be unable to meet covenant tests under the existing facility, particularly in the event that the Group is not in a net cash position as at upcoming quarter ends, or in the event that adjusted EBITDA for the 12 months to 31 December 2016 is less than zero. The Group and HSBC have agreed to use reasonable endeavours to agree and finalise a new loan facility on or before 31 May 2016 which will have new covenant conditions.

INTELLECTUAL PROPERTY

The Group has a number of trademarks registered, and is pursuing registration of a number of trademarks, in the major territories in which it operates. The Group also has a patent portfolio comprising a number of patents filed in territories worldwide. Should a third party successfully demonstrate priority over any of these rights, it could inhibit the Group, or the Group's customers, from selling products in certain territories.

Any failure to protect the Group's intellectual property may result in another party copying or otherwise obtaining and using its proprietary technology without authorisation. There may not be adequate protection for the intellectual property in every country in which the Group's products are made available and policing unauthorised use of proprietary information is difficult and expensive. Due to the Group's size and limited cash resources, it may not be able to detect and prevent infringement of its intellectual property.

The Group has received (and expects to continue to receive in its normal course of business) communications from third parties alleging breach and/or infringement of their intellectual property rights. The Group's policy is to diligently investigate all intellectual property rights allegations made against it by third parties. These third parties range from non-practising entities, whose sole focus is to generate income from licensing their intellectual property rights, to corporations with competing and/or adjacent trading activities, including a large, multinational corporation. No such communications have been received for over 18 months. The Directors, having taken expert advice, believe that the allegations of infringement made in such communications are unjustified. However, the timeframes under which

third parties can allege breach of their intellectual property rights are potentially prolonged, and the Directors cannot exclude the possibility that third party assertions which the Directors believe to be unjustified require the Group to incur significant expenditure to defend against such assertions, or ultimately that such assertions may subsequently be upheld by the competent authorities resulting in a material negative impact on the Group.

In addition, some of the Group's patents are licensed from a third party. The terms of that licence are on relatively standard commercial terms. However, there can be no guarantee that such third party will adequately maintain such patents and therefore the protection and benefit afforded to the Company by such patents cannot be guaranteed.

The steps which the Group has taken to protect its intellectual property may be inadequate to prevent the misappropriation of its proprietary technology. Any misappropriation of the Group's intellectual property could have an adverse impact on the Group's business and its operating results. Furthermore, the Group may need to take legal action to enforce its intellectual property, to protect trade secrets or to determine the validity or scope of the proprietary rights of others. Litigation relating to the Group's intellectual property, whether instigated by the Group to protect its rights or arising out of alleged infringement of third party rights, may result in substantial costs and the diversion of resources and management attention and there can be no guarantees as to the outcome of any such litigation.

DIGITAL INFRASTRUCTURE AND CYBERSECURITY

Breaches of the Group's digital security, through cyber attacks or otherwise, or failure of the Group's digital infrastructure, could seriously disrupt operations and result in the loss or misuse of data or sensitive information, legal or regulatory breaches and potentially legal liability. These could result in significant costs or have reputational consequences.

Following a review of the resilience and disaster recovery capability of the Group's critical systems and exchanges in 2015, the Group has invested resources in enhancing site resilience and defences, improving network monitoring and reviewing the incident response processes to mitigate the impact of a security breach.

The risks noted above do not necessarily comprise all those potentially faced by the Group and are not intended to be presented in any assumed order of priority.

Although the Directors will seek to minimise the impact of the Risk Factors, investment in the Company should only be made by investors able to sustain a total loss of their investment. Investors are strongly recommended to consult an investment adviser authorised under the FSMA who specialises in investments of this nature before making any decision to invest.

A member entitled to attend and vote at the meeting is entitled to appoint another person(s) (who need not be a member of the Company) to exercise all or any of his rights to attend, speak and vote at the meeting. A member can appoint more than one proxy in relation to the meeting, provided that each proxy is appointed to exercise the rights attaching to different shares held by the member.
2. Your proxy could be the Chairman, another Director of the Company or another person who has agreed to attend to represent you. Your proxy will vote as you instruct and must attend the meeting for your vote to be counted. Details of how to appoint the Chairman or another person as your proxy using the proxy form are set out in the notes to the proxy form. Appointing a proxy does not preclude you from attending the meeting and voting in person. If you attend the meeting in person, your proxy appointment will automatically be terminated.
3. An appointment of proxy is provided with this notice and instructions for use are shown on the form. In order to be valid, a completed appointment of proxy must be returned to the Company by one of the following methods:

 - 3.2 in the case of CREST members, by utilising the CREST electronic proxy appointment service in accordance with the procedures set out below, and in each case must be received by the Company by 2.00 pm on 23 April 2016. Please note that any electronic communication sent to us/our registrars in respect of the appointment of a proxy that is found to contain a computer virus will not be accepted.
4. To change your proxy instructions you may return a new proxy appointment using the methods set out above. 6. CREST
 - 6.1 CREST members who wish to appoint a proxy or proxies by utilising the CREST electronic proxy appointment service may do so by utilising the procedures described in the CREST Manual, which can be viewed at www.euroclear.com/CREST. CREST Personal Members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.
 - 6.2 In order for a proxy appointment made by means of CREST to be valid, the appropriate CREST message (a "**CREST Proxy Instruction**") must be properly authenticated in accordance with Euroclear UK & Ireland's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message, regardless of whether it constitutes the appointment of a proxy or an amendment to the instruction given to a previously appointed proxy, must, in order to be valid, be transmitted so as to be received by the issuer's agent (ID 3RA50) by the latest time(s) for receipt of proxy appointments specified in the notice of meeting. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Applications Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST.
 - 6.3 The Company may treat as invalid a CREST Proxy Instruction in the circumstances set out in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001.
 - 6.4 CREST members and, where applicable, their CREST sponsors or voting service providers should note that Euroclear UK & Ireland does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service providers are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.
7. Only those shareholders registered in the Register of Members of the Company as at 6.00 p.m. on 21 April 2016 (or, if the meeting is adjourned, 6.00 p.m. on the date which is two business days before the time of the adjourned meeting) shall be entitled to attend and vote at the meeting or adjourned meeting in respect of the number of shares registered in their respective names at that time. Changes to the Register of Members after that time will be disregarded in determining the rights of any person to attend or vote at the meeting or adjourned meeting.
8. Any corporation which is a member can appoint one or more corporate representatives who may exercise on its behalf all of its powers as a member provided that they do not do so in relation to the same shares.
