

design competition

and you could win 1 of 6 GoPros

**Have a passion for expressing yourself?
ACYP's design competition is perfect for you**

Engage your creative side and be in with an opportunity to win a GoPro for yourself and one for your school/organisation/community group or club, a \$100 voucher or a \$50 voucher.

To participate in the Advocate for Children and Young People's (ACYP) Design Competition you are invited to draw, paint or digitally create a design using what more than 4000 children and young people in NSW said they wanted for their community as inspiration.

The winning designs will be transferred onto scarves and ties worn by NSW opinion leaders and copies will be

provided to the NSW Premier, the Hon. Gladys Berejiklian MP and also exhibited at NSW Parliament House during Children's Week.

Over 4000 NSW children and young people had their say on what is important to them, so we are asking children and young people to take their inspiration from what their peers have said. The qualities of a good society that children and young people wanted are Safe, Connect, Respect, Opportunity, Wellbeing and Voice.

The categories are:

- **Category one - 0-5 year olds**
- **Category two - 6-11 year olds**
- **Category three - 12-17 year olds**

The competition closes Friday 13 October so hurry and start working on your design before it's too late.

Visit www.acyp.nsw.gov.au for more information on how to submit your design and to read the competition terms and conditions.

Winners will be announced during NSW Children's Week 21 to 29 October, to learn more about NSW Children's Week visit
