RE: COVID-19/Coronavirus Update #25

It has now been about 3 months of quarantine, self-isolation and countless life changes as we all have adapted to this ever-changing world we have labelled the 'new normal'. The urge to 'get out' and enjoy becomes stronger as every day passes. As states begin allowing businesses and public areas to reopen, decisions about what is safe will become more and more of a personal decision.

We keep all this in mind as we slowly and methodically progress towards returning to more of the life we once knew, albeit with many new methods of delivery of those services. We are choosing to lift some internal restrictions and will continue to limit the number of outside people we allow in. We feel this is the best way to keep us all safe; a slow and steady course of progression.

As of this time *we do not have* any Club residents, staff, or family members of staff, having tested positive or presumptively positive for COVID-19. This is a great tribute to all of you and to the team. We are in this together.

As we slowly and methodically progress towards returning to life as we knew it, we will be implementing the following additions to our current COVID-19 protocols:

Dining

The Dining Room will partially reopen for **casual dining for the dinner meal beginning on Tuesday June 9th**. At Sarasota Bay Club the main dining room ONLY will reopen. The Bay Club Lounge and the Veranda will remain closed. Reservations for dinner will be available for residents at 5:00 p.m. and 6:30 p.m. Seating will be limited to 28 residents (no guests) at each seating. Reservations may be made by calling the Dining Podium at extension 320 and must be made by 11 a.m. that day. There will be no standing reservations and no walk ins. As with lunch, temperatures will be taken before you are seated, and we will have hand sanitizer for you to use before entry to the dining room. Attire will be *Veranda Casual* for dinner.

All current To Go Orders for Pick Up and Delivery protocols will remain the same.

At Jacaranda Trace the Main Dining will partially reopen for **casual dining for the dinner meal beginning Tuesday June 9th**. This does NOT include the Hibiscus Room or the Bar Area. The seating times will be at 4:30 p.m. and 6:00 p.m. and we will accept 28 reservations for each group time. You must call 408-2027 for a reservation. Reservations can be made the day before or by 4 p.m. the same

day. We cannot guarantee availability due to the limited seating. Dress will be as you would for the Hibiscus Room for dinner.

To Go Orders need to be placed by 4 p.m. with the Hostess for 5 p.m. pick up or delivery. All pick up orders will remain in the Grill.

You will not be seated without a reservation at either SBC or JT. There will be no standing reservations and no walk-ins. There will be no more than 4 at a table and those group reservations will be made by the residents. We will not seat anyone together unless requested to do so by the group of 4.

Dining in the main dining room is an option and meal delivery and pick up will continue as is current protocol, until we are returned to full operation.

Travel

Out of state travel/visitor restrictions and hotspot travel/visitor restrictions remain in place:

- If you are planning on traveling out of state, please remember to advise the Concierge of your travel plans. If you travel out of state, you must self-isolate upon your return for 14 days. As an alternative to 14-day isolation, you may contact your physician and have a COVID-19 test performed. You will need to self-isolate until receiving a negative result. This protocol also applies to in-state travel to Broward, Miami Dade or Palm Beach Counties.
- If you are planning to have family visit from out of state, please advise the family members that they will be requested to self-isolate for 14 days before being allowed to visit you. An alternative to self-isolation for family is a negative COVID-19 test with results no older than 5 days. Labs vary in the amount of time necessary to process tests. Some labs take only take 48 hours and others 5-7 days. Please make certain your family asks their medical provider this information so they have the results within the time constraints of their trip. The same protocol applies to in-state travel of family from Broward, Miami Dade and Palm Beach Counties.
- We are also requiring the same protocols for travel from our staff.
- We anticipate as cases begin to level off, we will be in a position to lift this restriction.

Personal Trainer

Beginning Monday, June 8th, personal trainers will be allowed on campus but will be subject to all the protocols that are currently in place. The trainer will need to wear a mask, have their temperature checked at the Concierge Desk and answer the appropriate screening questions. **They will then be allowed to go to your unit.** They will be restricted to your unit and not allowed in the Fitness Center or the pool. They must also bring any equipment they may need to work with you. We will not be allowing equipment to be taken from the Fitness Center to any condos.

Temperature Checks

Resident temperature checks will be done upon entry to the dining room for lunch and dinner. We will discontinue weekly checks but will do random temperature checks as needed. **I would like to reiterate, if at any time you are not feeling well or think you may have a temperature, please don't hesitate to call us.**

Masks

Masks must be worn outside your unit. Please wear your mask, if not for yourself then out of respect for your neighbor. *They may not speak to you personally about it, but I assure you most of your neighbors want you to wear your mask in the common areas. It makes everyone feel safer.*

Dishwashers and Televisions

We realize some of you have been waiting for the repairman to service your television and/or dishwasher. We will be designating a day to have a technician come in and accompany our staff to your condo to perform the necessary diagnostic test and make the repairs as needed.

Please call Jeffrey Smith at SBC at extension 319 or Charlie Moore at JT extension 148 should you have a television and/or dishwasher repair need.

Bridge

We have been asked by many to begin the Bridge games. We can allow a group of 20 at a time to play bridge together but it will be in the Auditorium at JT and in the Ringling Room at SBC so we can allow for ample spacing. You will need to wear your mask during the game, and we will supply disposable gloves for you to wear during the game.

Diana Verhulst at JT and Jill Ross at SBC will be sending out a separate memo with details as to the day and time of Bridge games. All reservations and games will be planned through Diana and Jill.

Assisted Living (Cadbury Park/Bayshore) and Skilled Nursing (The Inn)

The Governors Emergency Order of 'no visitors' remains in place. What has evolved is a new order to test all staff that work with the residents in these 2 settings. We have begun the process of collecting all the necessary demographic information and expect to receive the test kits from the County in the next 7-10 days. Some staff in the Independent Living will also be tested as we often cross utilize our staff to work in the Assisted Living or Skilled Nursing.

Please remember my opening remarks in this memo; participation in the lifting of restrictions is voluntary. We realize most of us perceive ourselves as a family and tend to function as a unit. If one of us puts ourselves at risk, everyone in our family unit is at risk. It is important we all remain vigilant and practice the protocols that have kept us all safe to this point.

As always thank you and let's take care of each other.
