RE: COVID-19 /Coronavirus Temperature Checks

Thank you so much for your continued patience and cooperation! We appreciate your understanding as we have implemented procedures in an effort to keep you and our staff healthy and safe. We are happy to report that everything with our internal operations remains status quo.

As of this time we do not have any residents, staff, nor family members of staff, having any symptoms, tested positive or presumptively positive for COVID-19.

We remain vigilant in our response to COVID-19/Coronavirus. In an abundance of caution to ensure your health and safety, we will begin monitoring of resident temperatures once a week. Our medical staff will come to your unit and take your individual temperature(s) using an infrared and/or sanitized forehead thermometer. This will be conducted on a designated schedule each Thursday, floor-by-floor/Villa basis beginning **Thursday, April 2nd. In the interim if you have any reason to suspect you have a temperature call Martha, RN or see the Concierge personnel.**
