

THIS WEEK'S POP ITEM

MARVELOUS MONEY TREE

Money Trees are said to bring the owner good luck and prosperity, making it a great decor item or gift for Saint Patrick's Day festivities.

Money Tree needs bright, indirect light which makes it suitable for rooms that get a lot of light from windows, such as living rooms, guest rooms, and offices. Or take one to work to help inspire achievement and recognition for a job well done!

Marvelous Money Tree Care

WATER

Water money trees with two ice cubes once a week.

LIGHT

Place money trees in a bright location, avoiding direct sunlight.

TEMPERATURE

Keep money trees at room temperature between 65° and 85°F, never below 55°F. Avoid placing near drafts.

Tips for Retail

- Merchandise Money Tree on the POP table of your Max & Miles™ display
- Post images and share your Max & Miles™ experience on Instagram - [@maxandmilesplants](#) [#maxandmilesplants](#) [#rootedinstyle](#)
- Money Trees need two ice cubes of water per week, making them an easy and convenient care plant
- Money Trees are pet friendly
- Prune any browning or dying leaves/blooms to maintain uniform, attractive displays
- New growth looks like small shoots and leaves growing from the top canopy; allow these to grow to indicate the health of the plant, but prune any that wilt or have brown spots
