A Lifetime of Holidays with Wyndham

My name is Samantha and my husband and I have been happy [Wyndham Timeshare](#) Owners since May 2002 – we can't believe it's been so long! We joined because my brother had joined while he was living in America and I had stayed in a resort in Utah and got to experience first-hand how high quality they were.

We wanted endless travel and opportunities to stay in top resorts along with the chance to exchange Credits to see the world. We have always traveled a lot and this seemed like the perfect opportunity for us to always make sure we always have a holiday to look forward to. The fact that the Credits are ongoing means we can pass it onto our children now and that's one of the best benefits.

All our photos are from different WorldMark holidays we've had over the years because all of them have been amazing. They are memorable in different ways because of the different locations and people we have been with.

We have stayed in so many of the resorts – Denarau Island, Port Stephens, Flynn's Beach, Kirra Beach, Golden Beach, Pokolbin Hill, Ballarat, Sydney and Utah USA. We have even exchanged Credits to use in Paris, Normandy region in France and in Turkey. Despite seeing a lot of them, there are still so many more to cross off our list and so many more to re-visit again. I love hearing about new WorldMark resorts as it just gives me the taste and excitement to plan something else.

Some of our holidays were taken before we had children, and now we take our 3 beautiful children with us. Some holidays we have traveled with my parents, my husband's parents and our friends as we like to share the beautiful resorts with them. It is wonderful for us now to have the absolute pleasure in teaching our kids the beauty of travelling and seeing and experiencing what is outside their normal world. I have grown up with travel in my family from when I was born. My father (and late Mother) are WorldMark Owners and I'm also a co-owner with my brother in the American WorldMark Club.

Each WorldMark property is as brilliant as you can imagine – 5 star everything. We haven't had a bad or even average stay in any of them. They have all exceeded our expectations and the staff are always their most helpful and friendly. Hopefully I can experience the Port Douglas Resort and report back on what is my absolute passion – travelling and letting people know what they will experience when they are there.

Here is my husband and I at the stunning [Wyndham Resort Denarau Island](#). This was the last day of our holiday and we didn't want to get out of the warm, sparkling and relaxing pool. We took our best friends along with us who had their 1 year old son and I was pregnant with our twins at the time. I'd never been so relaxed as I was here. We hired a car and drove around the coast, did a day snorkeling trip, sat by the pool bar, swam, slept, shopped at the markets and enjoyed our time together before our 2 little babies arrived.

This photo was taken in Paris at Christmas time. We exchanged Credits to stay at a resort in Paris and the Club Royal Regency resort in Vincennes became available. We couldn't have asked for anything better. To experience Christmas in Europe is amazing enough, but in Paris it was magical.

This photo is of me at an ice-rink that was put up for the Christmas activities and was just around the corner from our resort. The streets were dripping with fairy lights and decorations and it was just as you see on the TV with winter coats, beanies, gloves, warm restaurants and energy.

We also stayed in Turkey at the Club Patara Resort in Kalkan. We went with our very close friends and they stayed with us in our apartment. The fun in travelling there was unbelievable and the resort was nothing short of breathtaking. It was hard to leave the resort because of the beauty that was there. The locals were so friendly and welcoming and the food was delicious. It's one of my most favourite places in the world.

Then there is the majestic [Ramada Resort Ballarat](#). By far one of the most interesting and gorgeous WorldMark resorts. We went to Melbourne to visit my Uncle who was 96 at the time and it was a couple of hours drive from Ballarat. We were happy to do the drive just to stay there again.

My children absolutely loved discovering the resort with the corridors, stairs, grounds (with horses), playground and everything it had to offer. We had a huge 3 bedroom apartment which could have fit another family in there. The town of Ballarat was a short drive away with lots to discover.

To celebrate my 40th birthday, we stayed at [Wyndham Sydney Suites](https://www.wyndhamtimeshare.com.au/). Although we live in Sydney, we love staying here for special occasions and the kids are thrilled at the chance to look around the city. We had 3 nights staying in the Presidential Suite and wow, is it amazing. The girls even got out of Kindy for a day which was special for them. We like to have a little drive around the suburbs we don't usually visit and we found this tree out the front of someone's house that just looked like it needed the leaves thrown around! Our kids had so much fun and this was one of the highlights for them – being able to act a little crazy on a warm Autumn day. You can tell by the looks on their faces how much fun they had.
