Send Waiver

As a member participating in The Snapshot, you are provided with fee waivers to give to students not taking the SSAT, who require financial assistance to access The Snapshot. The waiver will allow these students to take The Snapshot free of charge.

As with SSAT fee waivers, we trust that you will use your discretion to determine which students should receive fee waivers. As a general guideline, those students who are receiving waivers for the ISEE fee through the Ben Wood grant program should also receive fee waivers for The Snapshot.
