Instructions from The Boys' Club of New York

Placement Process

All registered members that attend one of the three clubhouses (Harriman (LES), Gerry (East Harlem), or Abbe (Flushing) and are part of the High School Access can utilize the services for placement (Independent Boarding, Independent Day, Public, Specialized, Charter, and Parochial).

Once you've been identified and create your user name and log in, you need to add ANTONIO APONTE as your advisor in order for BCNY to receive copies of the application and add schools for consideration. He will be the lead advisor and work with the other two HSA Directors at (Gerry & Abbe) to ensure a smooth process.

We will assist with the application, with the financial aid process, with guiding the interview process, with providing test prep for the exam, with selecting the appropriate schools ...

Thank you and look forward to helping you and your son!

Antonio Aponte

**Pay close attention to any special instructions
your Advisor may want you to follow.**

Parent questionnaire - that the parent needs to complete

Recommendations from (Math, English, and Guidance) - that your son's instructors need to complete. (You need to get their name/email to submit, so they can receive the form to complete online)

Supplemental forms - (As need be)

IMPORTANT

You need to speak with us prior to submission, so we can review your portions. We want to be clear that it is done properly and shed the most positive and complete impression of your son.

Once this happens, then you can submit it. Please note that once it's submitted it can't be changed. That is why we want to review it with you prior to submission. We cannot change what the teacher writes, so please give it to them around the first marking period, so they have something to draw from and write about, especially if they are new teachers.

In some cases, we may need a supplemental from an athletic coach, artistic teacher ... and we will ask that if needed.

Finally, please emphasize the importance of getting off to a "STRONG START" at school.

Request School Reports & Transcripts

This standard section is used to collect official transcripts and school reports from guidance counselors or school administrators at the applicants' current school and or previous schools attended (if any). Most schools require 2 full years of transcripts as well as the most updated grades for the current year. You can request reports for all years from one administrator, or select individual administrators for specific years. **IMPORTANT:** The reports and transcripts will be delivered to ALL schools that require it as part of their SAO application.

Send Request for Reports and Transcripts

If you need to request from multiple people/places then you will be prompted to fill out a request after this one is sent for other years not checked below.

If you have not reached the first marking period of your current school year, you may wait to assign that specific report request until after the grades are available. This will prevent your school official from uploading grade reports for the current year that don't show at least your first quarter grades.
