Delayed Purchase Refinance:

A Delayed Purchase Refinance is the refinance of a property purchased by the borrower for cash within 6 months of the current loan application date and requires the following:

- The LTV/CLTV is calculated based on the lesser of the purchase price or appraised value of the subject property.
- Loan is underwritten as a cash-out refinance for LTV/CLTV purposes and cash-out pricing applies.
- Owner-occupied primary residence and 2nd homes allowed.
- The CD from the original purchase must be provided. Documentation must show that no financing was obtained for the purchase of the property.
- Funds used to purchase the property must be fully documented and sourced and must be the borrower's own funds (no borrowed funds, no gift funds, no business funds, no retirement funds, no pledged assets).
- Reimbursement of business funds, funds secured by a pledged asset, or funds from the borrower's retirement account are not considered "borrower's cash" for the purposes of this Delayed Purchase Refinance program.

Loan-to-Value (LTV) Calculation:

- Cash-Out refinance:
 - If the borrower has less than 12 months ownership in the property, the LTV/CLTV is calculated on the lesser of the purchase price or appraised value.
 - If the borrower has owned the property for 12 months, the LTV/CLTV is based on the appraised value.
- Rate/Term refinance: The LTV/CLTV is based on the appraised value.

Continuity of Obligation:

Refinances must have continuity of obligation. When at least one (1) borrower on the existing mortgage is also a borrower on the new refinance transaction, continuity of obligation requirements has been met. If continuity of obligation is not met, the following permissible exceptions are allowed:

- The borrower has been on title for at least twelve (12) months but is not obligated on the existing mortgage that is being refinanced and the borrower meets the following requirements:
 - Has been making the mortgage payments (including any secondary financing) for the most recent twelve (12) months prior to the closing date of the new refinance transaction, or
 - Is related to the borrower on the mortgage being refinanced. Relatives are individuals related by blood, marriage, adoption, or legal guardianship. The definition also includes domestic partners and fiancés.
- The borrower on the new refinance transaction was added to title twenty-four (24) months or more prior to the closing date of the new refinance transaction.
- The borrower on the refinance inherited, or was legally awarded the property by a court in the case of divorce, separation or dissolution of a domestic partnership.
- The borrower on the new refinance transaction has been added to title through a transfer from a trust, LLC or partnership. The following requirements apply:
 - Borrower must have been a beneficiary/creator (trust) or 25% or more owner of the LLC or partnership prior to the transfer.
 - The transferring entity and/or borrower has had a consecutive ownership (on title) for at least the most recent six (6) months prior to the closing date of the new loan.

NOTE: Transfer of ownership from a corporation to an individual does not meet the continuity of obligation requirement.

Texas Section 50(a)(6) transactions: Not allowed.

New York Consolidation, Extension and Modification Agreement (CEMA): Not allowed.
