

Team Leadership Workshop *for Managers*

Becoming a more engaging and influential leader

Exceptional Teams have engaging leaders who are able to connect with their people and influence, manage and motivate them towards achieving team goals and objectives. As the old Greek saying goes, 'A fish rots from the head first', and this is also the case with teams. An Exceptional Team 'thrives from the head first' with engaging leaders who are perceived as competent, trustworthy, likable and inspiring.

As the primary motivator in a team, it's imperative that a team leader is able engage and influence their people. This workshop will show you how.

Participants will learn how to:

- Boost credibility with techniques to appear more intelligent, capable and assertive.
- Build trust by demonstrating professionalism, honesty and reliability.
- Improve likeability by demonstrating humility, empathy and good people skills.
- Be more inspiring by demonstrating passion, using encouragement and by creating excitement.
