

ProServeIT's Teamwork Assessment

Does your organization have the right tools in place that can boost teamwork in your organization? Can your employees communicate effectively with each other and collaborate easily?

What is a Teamwork Assessment?

As experts in driving modern workplace transformation, ProServeIT's Teamwork Assessment will help you to understand how to grow your business by fully utilizing the right technology that allows your teams to work together effectively and as a result, increase everyone's productivity.

Assess: Our experts will leverage various assessment tools to capture your unique business needs.

Envision: We'll show you the "art of the possible", letting you see how various Microsoft 365 tools can help you solve your specific teamwork challenges.

Report: We'll provide you with an actionable roadmap based on our findings that will assist you on your transformation journey going forward.

Deliverables & Activities

- A clear understanding of your unique business needs.
- An IT maturity assessment, showing you what your current capabilities are and what it would take to meet your goals.
- An understanding of the "art of the possible" – envisioning what teamwork could look like for your organization.
- A roadmap report that will show you our recommendations on improving teamwork in your organization with the use of Microsoft Teams and/or SharePoint Online.
