Issues Resolved and New Features in Myridas 12.0.1

System

Licensing :

1. Access to Myridas is now restricted to Dynamics GP Full Users. Myridas is disabled for Dynamics GP limited users. Myridas registration keys are invalid if the Myridas registered users is less than the Dynamics GP registered Full users.

Installation:

1. The Myridas 12 installer has been changed so that it does not give an error when encountering a database name that includes unusual characters.

Vendor Price Management

Fix for the following:

1. "Cannot insert nulls" error when running PO Generator if Vendor ID could not be identified.
