Fuel it!

Fuel your dreams, ambitions
Fuel your desire
Spark, jump start your engine
Reach higher
Fuel your voice, your wisdom
Fuel your core
Spark, jump start your engine
To explore more, more and more

CHORUS

Inspire the world you see
Spark the flame
Fly into eternity
Let your spirit ride free
Race away
Become who you want to be
You're a superhero
You're a superhero

Fuel your world with colour
Make bright the black and white
Let your potential flow
Beyond the moon, leave the night
Fuel your imagination
Boost your powers
Spark your future motion
Seize the hour

CHORUS

Fuel the fire
That makes you learn
Fuel the fire
Watch it burn
Fuel the fire
It's shining bright
Fuel the fire
That will ignite
Fuel the fire
Get up and go
Fuel the fire
See them grow

CHORUS

We are in this together
